Schools eliminated prior to the last opponent will not re-enter tournament competition.

Team Withdrawing
Any member school and/or student-athlete withdrawing from competition after having officially entered an NJSIAA tournament in any sport will be disqualified from all remaining NJSIAA tournament competition in that sport in that season and barred from participating in NJSIAA tournament competition in that sport during the next school year unless truly extraordinary circumstances were present. (Program Regulations, Section 16: New Jersey State Interscholastic Athletic Association Constitution, Bylaws, and Rules and Regulations). Fines will be assessed.

Please Note: Regular Season and Individual, County, Conference Tournament Play: The Softball Rules committee approved the Suspended/Halted Game as per the NFHS Softball Rules book, Rule 2, Section 26, Article 1 and Rule 4, Section 2.
SOFTBALL SUSPENDED GAME RULE FOR STATE TOURNAMENT GAMES

All NJSIAA post season tournament softball games must be played to the full seven innings (turns at bat) unless extra innings are necessary because of a tie score, or unless shortened because the home team needs none of its half of the seventh inning or only a fraction of it OR if both school administrators agree to let the score stand at the time of suspension (School Admin, not coaches). The exception to this is the 10-run rule that the state association has adopted.

A softball game that has reached the point of regulation game, five full innings having been played, or if the home team has scored and equal or greater number of runs in four of four and a fraction turns at bat than the visiting team has scored in five turns at bat, or if play has gone beyond five full innings, and then the game is called (ended) by the umpire(s) due to weather or darkness, the game will be considered a suspended game and the game will be resumed at the point of interruption.

TIE BREAKING PROCEDURE for use in all State Tournament Games

At the top of the 10th inning, during each half inning used to enforce the tie-breaker, the offensive team shall begin its turn at bat with the player who is scheduled to bat ninth in that respective inning being placed at second base. (e.g., If the number five batter is to lead off, the number four batter in the batting order would be placed on second base. A substitute may be inserted for the runner.)

Guidelines for Thunder/Lightning Safety

Termination, or temporary suspension, must always take place when an electrical storm is imminent. The decision to terminate or suspend a game when an electrical storm is imminent, may be made by either the host school management, or the official.

If lightning is imminent or a thunderstorm is approaching, all personnel, athletes and spectators should evacuate to available safe structures or shelters.

Once lightning has been recognized, it is recommended to wait at least 30 minutes after the last flash of lightning is witnessed or thunder is heard before restarting the game. Any subsequent lightning or thunder after the beginning of the 30 minute count should reset the clock and another count should begin. When one contest on a site is suspended due to lightning or thunder, all contests on that site will be suspended.

The complete policy concerning thunder and lightning safety can be found in the Handbook for Officials and the Handbook for Coaches.

The New Jersey State Interscholastic Athletic Association is the sponsoring association for all levels of State Tournament/Championships. The NJSIAA reserves all rights in regard to the management of these Tournaments/Championships and the sale or distribution of any items and any audio-visual reproductions. Any sale or distribution of clothing, souvenirs or any other items is strictly prohibited without permission from the NJSIAA.
