**Baseball Power Point Calculation Procedure:**

Power points will be earned from the first 15 completed games played between opening day and the cutoff date. If you have not played 15 games by the cutoff, your point total will only reflect the games played between opening day and the cutoff date. A game that is rained out before the cutoff, then completed after the cutoff will not count in the 15-game total.

1. **Quality Points** - Each school will receive the following quality points for a win or tie from the first 15 games:
   - Win = 6 points
   - Tie = 3 points
   - Lose = 0 points

2. **Group Points** - Each school will receive the following group points from a team they defeated or tied from the first 15 games:
   - Group IV = 4 points
   - Group III = 3 points
   - Group II = 2 points
   - Group I = 1 point

3. **Residual Points** – Each school will receive residual points from one of the three categories below based on the result of the game.
   
   **A.** Each school will receive the following residual points from a team they defeated. For each win or tie your opponent has from the first 15 games, you will receive the following:
   - Win = 3 points
   - Tie = 1.5 points
   - Lose = 0 points

   **B.** Each school will receive the following residual points from a team they tied. For each win or tie your opponent has from the first 15 games, you will receive the following:
   - Win = 1.5 points
   - Tie = .75 points (See note below)
   - Lose = 0 points

   **Note:** No points will be rewarded when calculating residual points when your game is the opponent’s only tie, since you already have been awarded points for that tie.

   **C.** Each school will receive the following residual points from a team they lost to. For each win your opponent has that defeated you (not including your game) from the first 15 games, you will receive the following:
   - Win = 1 point
   - Tie = 0 point
   - Lose = 0 points
