The NJSIAA's Spring Sports Participation Form is now online.

Again, in this 2018-2019 school year, to facilitate the reporting of participation figures by member schools we will request participation figures on a season-by-season basis for all levels of competition.

Below is a link **[Spring Sports Participation Survey](#)**. Please complete the survey and submit your results no later than April 12, 2019 being guided by the following:

Participants should be calculated based upon the maximum number of individuals who participated in the sport for any length of time during the 2019 **SPRING** season.

Participants are representative of interscholastic athletics (not intramural or club.)

If your high school includes only 10<sup>th</sup> through 12<sup>th</sup> grades, but 9<sup>th</sup> grade students participated on your high school's teams, please include their number in the participation figures.
