Tennis Power Point Calculation Procedure 2021:

The NJSIAA power point system will be used for all qualifying and seeding purposes of the team tennis tournament. The power point procedure for tennis will be using the top 6 highest power point totals from opening day to the cutoff date regardless of how many games were played. The residual points earned from opponents will be calculated using your opponent's first 8 games played. Teams that play less than 6 games will still be eligible for the tournament based on their total power points achieved at the cutoff. Games completed after the cutoff date will not count even if they were started before the cutoff date.

1. **Quality Points** - Each school will receive the following quality points for each win:

- Win = 6 points
- Lose = 0 points

2. **Group Points** - Each school will receive the following group points from a team they defeated:

- Group IV = 4 points
- Group III = 3 points
- Group II = 2 points
- Group I = 1 points

3. **Residual Points** – Each school will receive residual points from one of the two categories below based on the result of the game.

a. Each school will receive the following residual points from a team they defeated. For each win your opponent has from the first 8 games, you will receive the following:

- Win = 3 points
- Lose = 0 points

b. Each school will receive the following residual points from a team they lost to. For each win your opponent has that defeated you (not including your game) from the first 8 games, you will receive the following:

- Win = 1 points
- Lose = 0 points

Tie Breaking Procedure:

1. Head-to-Head Competition (any games up to and including the cutoff date)
2. Common Opponent(s) (any games up to and including the cutoff date)
3. Winning % (any games up to and including the cutoff date)
4. Total number of quality points earned from the first 8 games.
5. Coin Toss
