

2021-22 Boys & Girls Spring Track & Field Tournament

The NJSIAA reserves the right to adjust, change or cancel dates, times, and locations for all NJSIAA State tournaments. Schools entering the tournament will not be granted a change of date/time due to any conflicts with school trips, proms, banquets, SAT's, graduation, and the like. In addition, all schools competing in this tournament must adhere to the NJSIAA state tournament COVID-19 policy which can be found on our website under current resources or by following this link: <https://www.njsiaa.org/sites/default/files/documents/2021-11/njsiaa-state-tournament-policy.pdf>

Member schools not willing or able to comply with all tournament regulations should not enter the tournament. Member schools will not be eligible to participate in any NJSIAA Championship Tournament if it has violated the NJSIAA Constitution, Bylaws, Rules, Regulations, Guidelines, Policies, and Procedures.

In all tournaments conducted by the NJSIAA, each member school must compete in its own group and section classification, unless fewer than eight (8) schools qualify. In that case, the Executive Committee may combine one or more groups. When the committee eliminates sectional championships because of an insufficient number of schools qualifying, the State Group Championships will be conducted on a statewide quartile basis or State Championships may be conducted without regard to Groups or Division.

Coaches must have a copy of these regulations as well as a copy of rule Modifications (if any) for this tournament available at all contests. Copies of these documents are also available on the NJSIAA website.

The NFHS Track & Field Rules along with any NJSIAA rule modifications will govern this tournament.

2. A "coaches box" will be established near the finish line if possible. to use this box, each coach must wear his/her coach's pass (provided) in such a way that it is clearly visible to security personnel. these coaches' passes are to be used for identification purposes only. they are not admission tickets. no food or drinks are allowed in coaches boxes.
3. A second "coaches box" will be established on the infield between the high jump pits and pole ***if possible***. Its only purpose is to allow the coaches to observe their jumpers. Contestants may come over to the box and talk with their coaches, but coaches must remain in the "box." to use this box, each coach must wear his/her coach's pass (provided) in such a way that it is clearly visible to security personnel. these coaches' passes are to be used for identification purposes only. they are not admission tickets. no food or drinks are allowed in coaches boxes.
4. Coaches and manager tags are for identification purposes only. They are not admission tickets. These tags must be visible when appearing in coaches boxes and clerking areas. Coaches and managers must be listed on the entry forms.

Contestant Entry Procedure

1. Each competitor is assigned a new athlete number, at each level of the state meets. Cards will not be used for any of the running events. These numbers must appear on all field cards.
2. The coach will provide all information for entry into the track events through the MileSplit entry process. Coaches are strongly encouraged to enter the maximum number allowed in each event. (**6** entries in the individual events of which only **3** may participate and **8** entries in the running relays of which only **4** may participate, and **6** entries in the field events of which only **3** may participate)
3. Special Cards will be used for all the field events (High Jump, TJ, LJ, Discus, Pole Vault, and Shot Put). Coaches must enter their athletes through the MileSplit entry process. Again, coaches are reminded to enter the maximum number of athletes allowed in these events (**6 entries** in each event of which only **3** may participate)
4. Check-in process and Reporting
 - Teams must have entered in MileSplit to be listed on the performance list.
 - The performance list of events will be generated from the coach's information and located at the clerking table for the running events. The check-in for the field events is at each event site. Coaches need to check in each athlete and if needed scratch from those events.
 - Once an event is closed, the performance sheet is passed to the timer's table and is re-seeded based on that information. All athletes listed on this sheet are considered to have entered the event, and it becomes one of the four events in which they may participate. Athletes are then called to report for the event.
 - The updated event sheet is given to the clerk to assemble the athletes, and give them their heat assignments, lane assignment, and hip numbers.
 - The line clerk will organize the athletes, check uniforms, and guide them to the track

- The field event check-in process has the coach pick up a blank field card and a pre-printed label for each athlete from the official. The coach then must submit the completed card to the field event official. The coach must sign the Pole Vault card to verify the weight of the vaulter.
- All contestants in the first events must be checked in 30min before the scheduled start time.
- Once an event is closed there will be no changes or additions

Equipment Regulations

1. Uniforms
 - The NFHS uniform rule 4, section 3, articles 1-2-3-4-5 will be enforced.
 - Each contestant must be properly attired in the school's issued uniform (i.e., jersey, running trunks, and shoes) during the meet.
 - All relay team members must wear the same color jersey and trunks.
 - Field event contestants must be properly attired in school-issued, legal track uniforms.
 - Because of automatic timing, every runner must wear the jersey tucked into his/her uniform's shorts.
