RE: NJSIAA Boys Ice Hockey Tournaments Regulations

NJSIAA staff, in consultation with the Ice Hockey Committee, is proposing the following change to the 2022-2023 Ice Hockey Tournament Regulations:

Power Points – Traditional power points will be used to identify the top 16 teams in the Public A and Public B classifications and the top 24 teams in the Public C classification. The seeding committee when seeding the Public C group may choose to add wildcard entries to that bracket after the 24 seeds have been established for deserving schools. The Seeding Committee will continue to seed each group based on the same parameters that have been used in prior years.
