

NEW JERSEY CELEBRATES

**National
Girls & Women
in Sports Day**

Powered by WSF

37TH ANNIVERSARY CELEBRATION

FEBRUARY 2023

On behalf of the NJSIAA, I would like to congratulate this year's outstanding female high school student-athletes as we honor them and celebrate their achievements during this year's National Association of Girls and Women in Sports Day.

In this post-Covid world, throughout the country we have seen a slight drop in the number of student athletes taking part in high school athletics. High school sports in New Jersey continue to be played and our student athletes enjoy a high level of competition in those sports. That is a testament to all of you that met and continue to face the challenges of competing at the highest levels in high school sports. Your perseverance will be the model for our younger student athletes to copy as we work together to increase the participation numbers in high school sports to the pre-Covid numbers.

As we move from the celebration of the 50th Anniversary of Title IX, you will impact the future not only in your lives but in the lives of future generations of young women in sports and other areas. You have helped New Jersey be one of the leaders in female high school sports.

The NJSIAA continues to lead all the states in the country by sponsoring 18 sports and 25 championships each year for our high school girls. We are very proud of our newest girl's sport, Girls Wrestling which continues to grow rapidly. We are proud of our efforts, but we will continue to work to offer our female student athletes more opportunities. Today is a day to celebrate, but also to remember that we must continue to expand and grow the opportunities for the future generations of girls and women not only in sports, but in all areas.

Congratulations and Best Wishes,

A handwritten signature in black ink, appearing to read 'Al Stumpf'. The signature is fluid and cursive.

Al Stumpf
