

NJSIAA Volleyball PowerPoint Calculation Procedure (no ties):

The NJSIAA power point system for volleyball will be used for all qualifying and seeding purposes. The PowerPoint procedure for volleyball will be using the 16 best power-pointed games from opening day to the cutoff date regardless of how many games were played. The residual points earned from opponents will be calculated using your opponent's first 16 games played. Teams that play less than 16 games will still be eligible for the tournament based on their total power points achieved at the cutoff. Games completed after the cutoff date will not count even if they were started before the cutoff date.
