ABOUT THE NJSIAA

The New Jersey State Interscholastic Athletic Association grew out of a meeting on September 27, 1918, in the Council Chambers of City Hall in Newark, New Jersey, at which time the 50 representatives from 21 secondary and private schools of the State appointed a temporary committee comprised of Walter E. Short, then director of athletics in the Newark schools, then sportswriter G.A. Falzer of *The Newark Sunday Call* and E.C. MacArthur of Peddie School. On November 8, 1918, with 32 schools represented, a constitution was adopted, and the organization to be known as the New Jersey Football Association elected E.C. MacArthur as its first president. The success of this group, although confining all of its efforts to football, encouraged the administrators and coaches of other interscholastic sports to call for a reorganizational meeting on March 28, 1919, at which time the name was changed to the New Jersey State Interscholastic Athletic Association.

State champions were declared in football in 1918; basketball, baseball, and track were added to the championship group in 1919; and in the fall of that year cross-country was also included. The championship picture has been enlarged. Presently, the NJSIAA conducts State Championships in thirty-three sports, including sixteen for girls.

From 21 member schools in 1918, the NJSIAA has grown to over 435 member schools. The Executive Committee, originally comprised of 5 members, now numbers; 21 representing the public high schools, 4 representing the non-public schools, 14 serving as ex-officio members and 12 at-large representatives. In 1965, Jr. High Schools were admitted to membership, and in 1967 the activities of the girl's interscholastic athletics program were approved for guidance by the State Association.

Walter E. Short served the organization as Secretary on a part-time basis from 1918 to 1947, and upon his retirement from the Trenton school system in that year, was appointed to serve in that capacity on a full-time basis until his retirement in 1958. He was succeeded by Norman Mansfield, former Athletic Director at Montclair High School, who served as an interim administrator until 1960 when James G. Growney resigned his position as director of athletics, health and physical education for the West New York schools to become Executive Secretary-Treasurer of the NJSIAA and under his guidance the organization has been acclaimed as a leader in many activities on the national scene. Mr. Growney retired on July 1, 1981.

Succeeded by Robert F. Kanaby, who served as Executive Secretary-Treasurer during the 1980-81 year while Mr. Growney was on leave; continuing as Executive Director until 1993. James C. Riccobono succeeded Robert F. Kanaby as Executive Director, April 1993. In September of 1993, Boyd A. Sands became the sixth Executive Director. Upon Mr. Sands' retirement on January 10, 2006, Steven J. Timko became the seventh Executive Director of the NJSIAA. Larry L. White succeeded Steven J. Timko as Executive Director, upon Mr. Timko's retirement, on January 1, 2018, and became the eighth Executive Director. Upon Mr. White's retirement on December 31, 2020, Colleen E. Maguire became the ninth Executive Director of the NJSIAA.

In 1979, the Legislature adopted Chapter 172 (N.J.S.A. 18A:11-3 et seq.) which provided formal authorization for public school members to join the NJSIAA and authorized the Commissioner of Education to consider appeals from action of the Association. That statute is set forth as follows:

N.J.S.A. 18A:11-3 Voluntary associations regulating conduct of student activities; membership; rules and regulations; appeals.

A board of education may join one or more voluntary associations which regulate the conduct of student activities between and among their members, whose membership may include private and public schools. Any such membership shall be by resolution of the board of education, adopted annually. No such voluntary association shall be operative without approval of its charter, constitution, bylaws, and rules and regulations by the Commissioner of Education. Upon the adoption of said resolution the board, its faculty, and students shall be governed by the rules and regulations of that association. The said rules and regulations shall be deemed to be the policy of the board of education and enforced first by the internal procedures of the association. In matters involving only public school districts and students, faculty, administrators and boards thereof, appeals shall be to the commissioner and thereafter the Superior Court. In all other matters, appeals shall be made directly to the Superior Court. The commissioner shall have authority to direct the association to conduct an inquiry by hearing or otherwise on a particular matter or alternatively, direct that particular matter be heard directly by him. The association shall be a party to any proceeding before the commissioner or in any court.

N.J.S.A. 18A: 11-3.1 Definitions relative to public school district participation in certain voluntary associations which oversee sports activities.

1. As used in this section:

a. "CPI" means the average annual increase, expressed as a decimal, in the consumer price index for the New York City and Philadelphia areas during the fiscal year preceding the prebudget year as reported by the United States Department of Labor.

b. A public school district shall not join pursuant to section 1 of P.L.1979, c.172 (C.18A:11-3), any voluntary association which oversees activities associated with Statewide interscholastic sports programs if:

i. the association charges a cable television company an increased licensing fee, rate, assessment or other consideration for the broadcast of playoff games over local access or local originating channels, or both, compared to the licensing fee, rate, assessment or other consideration charged by the district for the broadcast of regular season games over local access or local originating channels, or both;

ii. the association requires increased ticket prices for attendance at playoff games compared to regular season games, unless the playoff game is held at a location other than a public school and the increased ticket prices are deemed necessary by the Commissioner of Education. In the event that the playoff game is held at a location other than a public school and the commissioner deems an increase in playoff ticket prices is necessary, a public school district shall not join an association that increases adult ticket prices by more than 200% of the cost of the highest adult ticket prices for the regular season games charged by any of the member teams of the athletic conference that is located in closest proximity to the playoff game location, regardless of whether or not any of the playoff teams are members of that athletic conference; and in the event that two or more athletic conferences are equal in distance to the playoff game location, by not more than 200% of the cost of the highest adult ticket prices for regular season games charged by any of the member teams of those athletic conferences. Notwithstanding the provisions of this paragraph to the contrary, the commissioner may allow a public school district to join an association that charges in excess of the amount herein provided if the association demonstrates to the commissioner that the increased ticket prices are required to offset rental, staffing, security, or insurance costs specific to the location site.

In no event shall the commissioner deem an increase in ticket prices for senior citizens or children to be necessary;

iii. the association charges a membership fee for the 2009-2010 school year which exceeds the membership fee for the 2008-2009 school year multiplied by 1 plus the CPI, and in any subsequent school year charges a membership fee that exceeds the prior school year fee multiplied by 1 plus the CPI, unless the Commissioner of Education deems a greater increase in the membership fee is necessary;

iv. the association charges members an entry fee for teams or individuals competing in playoff games for the 2009-2010 school year which exceeds the entry fee for the 2008-2009 school year multiplied by 1 plus the CPI, and in any subsequent school year charges members an entry fee that exceeds the prior school year fee multiplied by 1 plus the CPI, unless the Commissioner of Education deems a greater increase in the entry fee is necessary; or

v. the association charges members any assessment in addition to the membership fee, unless the Commissioner of Education deems an additional assessment is necessary.

c. If any provision of this section is determined by the Commissioner of Education to jeopardize the amateur status of the student-athlete, that provision shall be null and void.

N.J.S.A. 18A:11-4 Minutes of meetings of associations overseeing interscholastic sports programs

The minutes of every meeting of any association functioning under this act which shall oversee activities associated with statewide interscholastic sports programs in this State shall be transmitted by and under certification thereof to the commissioner or his designee who shall acknowledge the receipt of the minutes by his signature. The commissioner or his designee shall prepare a report detailing all programs and fiscal activities of the State wide associations and such other associations functioning under this act as he feels may be necessary. This report shall be based upon annual reports submitted to him by the associations operating under this act and shall detail any developments contrary to the public interest and shall indicate whether or not the intent of the Legislature in its grant of statutory authority to boards of education to join such associations is faithfully being executed.

N.J.S.A. 18A:11-5 Effective date of amendments to charter, constitution, bylaws, rules or regulations of association; disapproval of amendments

Any amendment to the charter, constitution, bylaws, rules or regulations of the association shall be effective not less than 20 days after its submission to the commissioner. No such amendment shall take effect if the commissioner in said 20-day period returns to the Executive Director his disapproval of the amendment.

THE BASIS FOR GOOD ATHLETIC PROGRAMS should be through the development of sound objectives such as:

1. A statement of aims and objectives for all types of school athletic programs.
2. A clear understanding of the functions of the athletic program in the school curriculum.
3. The scope of the physical education and athletic program in the total school program.
4. Provision of equal opportunities for all students to participate in physical education and athletic programs.
5. Availability of adequate funds for proper minimum physical education and athletic programs.
6. Proper administrative control, adequate facilities and supplies, and competent personnel for worthwhile programs in physical education and athletics.
7. Standards for selection, duties and responsibilities for personnel for coaching and administration of athletic programs.
8. Establishment of sound objectives for championships, tournaments, and other large group athletic events.
9. Establishment of sound policies and practices for community participation in athletic programs.

COMPOSITION OF THE EXECUTIVE COMMITTEE

To achieve the proper goals of athletics, the school and the public must be informed concerning the role of athletic education. School athletics are a potential educative force that is not always properly used and that is too often misused. We, in New Jersey, are in a position to utilize athletics as part of the educational program by continuing to develop the responsibilities which belong to the state, the school, the community and this association. There is every reason to believe that if this done, communities will recognize those contributions school athletics can make, and be willing to aid in all efforts to stimulate and motivate the establishment of sound policies and wholesome practices for the secondary schools of New Jersey.

STATEMENT

This bill, which is designated “Janet’s Law,” is in memory of Janet Zilinski, an 11- year old who died of sudden cardiac arrest following a cheerleading squad practice. The provisions of this bill apply to athletic events and activities that take place through public schools.

Specifically, the bill requires public school districts that include any of the grades kindergarten through 12 to ensure that, beginning on September 1, 2014, an automated external defibrillator (AED), identified with appropriate signage, is placed and made available in an unlocked location on school property, which is accessible during the school day and any other time in which a school-sponsored athletic event or team practice, in which pupils of the district are participating, is taking place and is within reasonable proximity of the school athletic field or gymnasium.

The bill requires that a team coach, or other designated staff member if there is no coach, who is present during the athletic event or team practice, be trained in cardiopulmonary resuscitation (CPR) and the use of an AED in accordance with the provisions of State law. A school district is deemed to be in compliance with this requirement if a State certified emergency services provider or other certified first responder is on site at the event or practice. A public school district is also required to test and maintain each AED according to the manufacturer’s operational guidelines and to provide notification to the appropriate first aid, ambulance, or rescue squad or other appropriate emergency medical services provider regarding the AED, the type acquired, and its location in accordance with current State law.

The bill also requires that a public school district establish and implement an emergency action plan for responding to sudden cardiac events, including, but not limited to, those events in which the use of an AED as may be necessary. The emergency action plan, in keeping with the provisions of section 1 of the bill shall also, at minimum, provide that: no less than five school faculty members successfully complete and hold a current certification from training programs recognized by the Department of Health and Senior

Services in CPR and use of an AED; a list of those school faculty members who hold current certifications, such list is to be made current at least once in each calendar year of each school year; written detailed procedures on responding to sudden cardiac events; and any other requirement deemed relevant by the school district to responding to sudden cardiac events.

The bill directs the State Board of Education, in consultation with the Commissioner of Health and Senior Services, to adopt rules and regulations necessary for its implementation and provides that a school district and its employees shall be immune from civil liability in the acquisition and use of an AED pursuant to current law.

Article III

CLASSIFICATION OF MEMBER SCHOOLS

Section 1

Public and non-public member schools shall be divided into a “Public Schools Division” and a “Non-public Schools Division,” respectively.

Section 2

The affairs of the non-public secondary schools of the State shall be regulated in accordance with the Constitution.

Section 3

Classification of Public Schools for Purposes of State Championship Tournaments:

A. Groups

1. Every two years, the public schools shall be divided by enrollment into Groups, on a sports specific basis, as determined by the Executive Committee.
2. Enrollment shall be defined as the sum of a school’s student population for grades 9, 10 and 11. Enrollment figures shall be those reported to and certified by the Department of Education for the purpose of obtaining state school aid.

CL: The central office will determine enrollment for each school based on the figures submitted by the school to the department of Education for state school aid. The enrollment figures shall include classified students. This determination of enrollment shall be deemed final, and not subject to appeal, unless it can be documented that there was an error in the Department of Education report.

3. To determine the number of schools in each Group for a particular sport, the number of public schools participating in that sport shall be divided by the number of Groups, and an equal number of schools shall be assigned to each of the Groups. If the total number of public schools cannot be divided evenly by the number of Groups, then the number of schools in the smallest shall be increased by the remainder.

B. Sections

1. Every two years the public schools in each of the Groups shall be divided by geography Sections, on a sports specific basis, as determined by the Executive Committee.
2. To determine the number of schools in each Section for a particular sport, the number of public schools participating in that sport shall be divided by the number of Sections, and an equal number of schools shall be assigned to each of the Sections. If the total number of public schools cannot be divided by evenly by the number of Sections, then one remainder will be added to each Section from the northernmost to the southernmost Section until there are no more remainders.

3. The geographic boundary of each Section shall run along the east-west parallel associated with the southernmost school of that Section.

Section 4

Classification of Non-Public Schools for Purposes of State Championship Tournaments:

A. Groups

1. Every two years, the non-public schools shall be divided by enrollment into Groups, on a sport-specific basis, as determined by the Executive Committee.
2. Enrollment shall be defined as the sum of a school's student population for grades 9, 10 and 11, dated November 1. The Non-Public classifications will be based on gender specific enrollments for every sport.
3. To determine the number of non-public schools in each Group for a particular sport, the number of non-public schools participating in that sport shall be divided by the number of Groups, and an equal number of schools shall be assigned to each of the Groups. If the total number of non-public schools cannot be divided evenly by the number of Groups, then the number of schools in the smallest shall be increased by the remainder.

B. Sections

1. Every two years, the non-public schools in each of the Groups shall be divided by geography into Sections, on a sport specific basis, as determined by the Executive Committee.
2. To determine the number of schools in each Section for a particular sport, the number of non-public schools participating in that sport shall be divided by the number of Sections, and an equal number of schools shall be assigned to each of the Sections. If the total number of non-public schools cannot be divided by evenly by the number of Sections, then one remainder will be added to each Section from the northernmost to the southernmost Section until there are no more remainders.
3. The geographic boundary of each Section shall run along the east-west parallel associated with the southernmost school of that Section.

Section 5

Classification of non-member schools, non-public schools and out-of-state schools, for awarding power-points and determining tournament tie-breakers, shall be as follows:

- A. The enrollment of a non-member or out-of-state school must be verified, in writing, to the NJSIAA, by the principal or headmaster of the school.
- B. Non-member, non-public, and out-of-state schools shall be classified as though they were public schools in New Jersey with the same enrollment.
- C. If the enrollment of a non-member, non-public, or out-of-state school does not fall within the enrollment range of any then-existing Group, the non-member, non-public, or out-of-state school shall be classified with the Group that will, with the addition of that school, have the least disparity from largest to smallest school.

CL: A non-member school has an enrollment of 704. The Group III range that year includes New Jersey public schools with enrollments between 708 and 992. The Group II range includes schools

with enrollments between 452 and 698. The non-member school would be considered to be a Group II school, since the enrollment disparity in Group III, with the addition of the non-member school, would be 288 (992 minus 704), whereas the disparity in Group II would be just 252 (704 minus 452).

Section 6

- A. State championship competition will be conducted as approved by the Executive Committee and delineated in the regulations of each sport.

Section 7

Cooperative Sports Programs

- A. The Executive Committee shall approve all Cooperative Sports Programs (CSP) upon the recommendation of the Cooperative Sports Committee (CSC) or the Cooperative Sports Appeals Committee (CSAC). Such Cooperative Sports Programs will be based upon an agreement between the cooperating schools whereby one of the two schools shall have the complete responsibility as the Local Education Agency (LEA) for the conduct of the specific sport(s), which will be available to the students at both schools.

CL 1: Cooperative Sports Program applications should be signed by an officer of the Participating League or Conference, and indicate whether the League or Conference endorses or not endorses the application. The Participating League or Conference is defined as the entity that schedules the regular season games for that particular sport.

CL 2: This section establishes a process by which Cooperative Sports Program applications are processed, reviewed, and appealed. A CSP is an exception to the general requirement that students play sports at the school at which they are enrolled. A CSP is not to be used to place students in another school's program simply because the student(s)' school does not offer the particular sport. Both schools must demonstrate a need for and commitment to the CSP.

- B. The purpose of a Cooperative Sports Program is to provide opportunities for participation when none would otherwise exist, as for instance when a school lacks a particular program or when a school has declining enrollment in a particular program. Under no circumstances is a CSP to be used for purposes of creating a stronger or more competitive team, or as an excuse for eliminating an otherwise viable athletic program.

Cooperative Sports Programs should be comprised of schools from the same Participating League or Conference or General League or Conference. Crossover to other Leagues or Conferences is only permitted after efforts have been exhausted to partner with a school within the same League or Conference. If a CSP is comprised of schools from different Leagues and Conferences, then approval must be received from all Leagues and Conferences involved.

- C. Schools may enter into a Cooperative Sports Program for any sport and for any Group size. However, the following conditions must be met in order for a Cooperative Sports Program application to be considered by the CSC:
 - 1. A public high school can only enter into Cooperative Sports Programs with another public high school while non-public high schools can only enter into such programs with another non-public high school.
 - 2. A member school may enter into Cooperative Sports Programs with more than one other school for more than one sport; however, a member school may only enter into one Cooperative Sports Program for a particular sport.
 - 3. In Cooperative Sports Programs involving ice hockey, three public schools or three non-public schools may combine to form a tri-school Cooperative Sports Program with a maximum thirty

(30) student athlete roster, if their respective leagues approve. Public schools may not combine with non-public schools.

4. A Cooperative Sports Program is for a two year period with an automatic two year renewal. Written notification of automatic renewal must be submitted by the sports specific deadlines indicated below.

Completed applications and required written documentation must be submitted to the NJSIAA office by the following sports specific deadlines:

Fall sports – January 15th; Winter sports – April 15th; Spring sports – September 15th

- D. The total enrollment used for classification purposes of the Cooperative Sports Program will be determined based upon the most current year joint pupil enrollment of grades 9, 10, and 11. One hundred percent (100%) of the partner school's enrollment shall be added to the LEA's enrollment for the purpose of postseason playoff classification. In addition, the Cooperative Sports Committee may place a CSP in a more competitive classification if necessary for competitive balance. Such classification of the CSP will not affect either school's classification in any other sport.

- E. Cooperative Sports Committee (CSC):

The President of the Executive Committee shall nominate a Cooperative Sports Committee of no less than five members and a chairperson, none of whom shall be members of the NJSIAA Executive Committee. The CSC will approve or disapprove each Cooperative Sports Program application. Approved applications will be presented at the next Executive Committee for final approval.

The CSC will also make classification determinations at the time of approval of the Cooperative Sports Program. The CSC will take into consideration the combined enrollments as well as other factors determined by the Committee.

The LEA, Partner school or Participating League or Conference may appeal any such decision by the CSC. Such appeal will be heard by the Cooperative Sports Appeal Committee per Article III, Section 10.E.

CL 3: The CSC will meet three times per year and their decisions will be based on written documentation submitted to the committee. Such meetings will occur within 45 days after each deadline prescribed in Article III, Section 7.C(4). Decisions of the CSC will be communicated to the applying schools within 10 business days of the meeting date.

CL 4: The CSC may change the classification determination previously made. Such change in classification will coincide with the automatic renewal period.

- F. Cooperative Sports Appeals Committee (CSAC):

The President of the Executive Committee shall nominate a Cooperative Sports Appeals Committee of no less than five members and a chairperson, all of whom shall be members of the NJSIAA Executive Committee. All appeals from initial decisions of the CSC shall be determined by the Cooperative Sports Appeals Committee. The CSAC will not hear appeals of the classification determination made by the CSC.

The CSAC shall consider Cooperative Sports Program matters, in accordance with the following procedures:

- i. The CSAC shall decide an appeal on either written submission or at a hearing.
- ii. The CSAC shall meet to determine any pending appeals on days corresponding with the regularly scheduled meetings of the Executive Committee.

- iii. Four members of the CSAC shall constitute a quorum. The Chairperson shall be a non-voting member of the Committee except where there is a tie to vote on any appeal. A member shall not vote on any appeal, the outcome of which would affect the schedule of that member's school.

If the CSAC approves a Cooperative Sports Program application, then they will make the classification determination at the time of approval. The CSAC will take into consideration the combined enrollments as well as other factors determined by the Committee.

- G. The LEA, Partner school or Participating League or Conference may appeal any such decision of the CSAC. Such appeal will be heard by the Executive Committee and such decision will be considered final.
- H. Cooperating schools may include all school names on their uniforms; however, the LEA name will be used by the NJSIAA for classifications and seeding brackets.
- I. Either the LEA or Partner school may exit a Cooperative Sports Program at any time during the time period covered by the approved application. Written notice must be submitted to the NJSIAA and the other participating school(s). Upon early termination, the participating schools will be reclassified to their natural classification as a single school.
- J. A Cooperative Sports Program for a particular sport will cover all levels of competition (i.e. freshman, J.V. and varsity). However, either school may establish a stand-alone sub-varsity team while continuing in the cooperative program in that same sport.
- K. The Executive Committee shall be authorized to adopt appropriate guidelines, not inconsistent with the provisions of this Section, so as to implement the Cooperative Sports Programs.
- L. No Cooperative Sports Program shall be allowed unless approved by the Executive Committee after prior approval by the Boards of Education of the cooperating schools.

ELIGIBILITY OF ATHLETES*

Section 1

A student, to be eligible for participation in the interscholastic athletic program of a member school, must be enrolled in that school and must meet all the eligibility requirements of the Constitution, Bylaws, and Rules and Regulations, of the NJSIAA.

CL 1: Students being home-schooled (by parents or other parties) may be eligible if the local Board of Education has approved their participation and the requirements of the Homeschool Guidelines have been satisfied. Properly enrolled students on Home Instruction provided by the Board of Education are eligible if the student satisfies Section 4E. (Refer to NJSIAA Guidelines, Policies and Procedures).

Section 2

Amateur-Athlete – An amateur-athlete is one who participates in athletics solely for the physical, mental, social and educational benefits derived from such participation.

The following is a list of principles student-athletes must abide by to retain their amateur status, and thus, their NJSIAA eligibility:

- A. A student-athlete may not participate in any athletic activity under an assumed name.
- B. Professional Athletics. A student-athlete may participate as an individual, or as a member of a team against professional athletes, or as a member of a team on which there are some professionals who are not currently under contract with a professional team and are not receiving money for their participation. However, a student-athlete may not (1) sign a contract to play professional athletics (whether for a money consideration or not); or (2) receive a salary or any other form of financial assistance from a professional sports organization.
- C. Outside Work. Student-athletes are permitted to receive payments for coaching and providing athletic instruction, however student-athletes may not play on the teams that they coach. The student-athlete's compensation must be commensurate with the work performed.
- D. Name, Image and Likeness. A student-athlete may profit off of the use of their own name, image and likeness (NIL). Such permissible activities include commercial endorsements, promotional activities, social media presence, product or service advertisements, and non-fungible tokens (NFTs).

No one employed by a member school, including coaches and administrators, may be involved with a student-athlete's use of their NIL.

Student-athletes are prohibited from making any reference to a member school or the NJSIAA when engaging in any NIL activity. Student-athletes may not endorse or promote any third-party entities, goods or services during team activities. Student-athletes may not wear the apparel or display the logo, insignia, or identifying mark of an NIL partner during any team activities.

Student-athletes are prohibited from engaging in any NIL activities involving the following categories of products and services:

- (1) Adult entertainment products and services;

- (2) Alcohol products;
- (3) Tobacco and nicotine-related products;
- (4) Cannabis products;
- (5) Controlled dangerous substances;
- (6) Prescription pharmaceuticals;
- (7) Casinos and gambling, including sports betting, the lottery, and betting in connection with video games, on-line games and mobile devices; and
- (8) Weapons, firearms and ammunition.

E. Awards. A student-athlete may only accept individual interscholastic awards and similar mementos if the award is approved by the local Board of Education or school governing body, in keeping with traditional high school requirements which are basically symbolic in nature, i.e., letters, sweaters, jackets, pins, trophies, rings and watches. No other award of monetary value may be granted to any student-athlete without prior approval by the local Board of Education or school governing body and the NJSIAA. Also, a student-athlete may accept a monetary award under the United States Olympic Committee's "Operation Gold" program without compromising his/her eligibility for NJSIAA competition. Operation Gold awards athletes for top-place finishes in a sport's most competitive international competition of the year.

F. Participation in Non-NJSIAA Events. A student-athlete who participates in non-NJSIAA events may receive reasonable travel, meal and lodging expenses. Beyond reasonable, travel, meal and lodging expenses, a student-athlete may accept sports-related paraphernalia with a monetary value not to exceed \$500.00.

Note – Compliance with this provision does not ensure maintenance of eligibility under the eligibility standards of other athletic organizations, such as, but not limited to, the NCAA, NAIA, NJCAA, etc. Student-athletes are encouraged to communicate with those organizations to ensure any activity complies with those eligibility standards.

Section 3

Reinstatement of Amateur Eligibility – The Executive Committee of the NJSIAA is the only body that may reinstate a Student-Athlete of a member school to eligibility status under the provisions of the organization's Constitution, Bylaws, and Rules and Regulations. In cases where the Executive Committee has determined that a Student-Athlete inadvertently participated in an activity that has caused his/her loss of eligibility, the Executive Committee may reinstate said athlete after a period of not less than one year. An application for reinstatement must be made in writing by the high school Principal to the Executive Committee and shall include all data pertinent to the case.

Section 4

Eligibility Requirements – Eligibility rules herewith stated shall apply to all freshman, sophomore, junior varsity, and varsity teams involved in interscholastic athletic competition.

Ineligibility Lists – Member schools must submit an affidavit of ineligible students to the Executive Director of the NJSIAA annually for each of the three seasons prior to the beginning of those seasons. This form, signed by the Principal, will certify that any and all students listed do not meet the eligibility requirements of the NJSIAA. This affidavit should be based on carefully compiled lists of ineligible student/athletes for all sports in that season which are on file in each member school and in the event of any questions, are available upon request by other member schools and/or appropriate NJSIAA officials. Schools may use their own form as long as all the information is provided on that form.

CL: This record must be compiled prior to the student's participation in the first interschool scrimmage or game in that sport and kept on file in the Principal's office. Schools are reminded

that determining eligibility or ineligibility must be based on the following: (a) name of the student/athletes, (b) date of birth, (c) documentary proof of age (birth certificate, baptismal certificate, insurance policy or school record), (d) date of first enrollment in 9th grade, and (e) school from which student transferred, if such transfer was effected during the current or just past school year, (f) credits passed previous year (first semester eligibility) or previous semester (second semester eligibility), and (g) participation prior to entry into the 9th grade.

- A. **Eligibility Certification** – Upon the request of the Executive Director, schools must furnish him/her with lists of ineligible student/athletes for their various teams, containing such information as he may deem necessary.
- B. **Eligibility Responsibility** – The Principal of a school is responsible for the observance of the eligibility rules contained in this Article and for the entire program of his/her member school.

CL: It is local option for schools to permit ineligible students to practice or compete in interscholastic scrimmages while ineligible for regular or post-season games. [Scrimmages refer to pre-season scrimmages only and not scrimmages during the regular season or post-season for those sports that allow such.] Such practices will count to satisfy the six (6) days practice rule. The above is applicable provided the school meets the medical examination and parental permission as required by the State Board of Education.

- C. **Age** – An athlete becomes ineligible for high school athletics if he/she attains the age of nineteen prior to September 1. However, any athlete attaining age nineteen (19) on or after September 1 shall be eligible for the ensuing school year. A birth certificate, issued at the time of birth, is the normal proof of age; in the absence of this, other proofs may be used. The records used will be baptismal records or the earliest school records.

CL 1: The following evidence of proof of age can be used when the Bureau of Vital Statistics in the state of birth reports no records exist:

- a. Birth certificate.*
- b. Affidavit of attending physician.*
- c. Documentary evidence, such as family record of birth in Bible, certificate of arrival in the United States, or a passport.*
- d. Public school records, school, state or national census records.*
- e. Baptismal certificate.*

CL 2: This requirement will not be waived for the sole reason that a student was born day(s), week(s), or month(s) just prior to September 1.

CL 3: In order to assure the opportunity for eight consecutive semesters of interscholastic eligibility, member schools may request waivers to permit students who are enrolled in the 6th, 7th and 8th grades and who are otherwise academically eligible, to participate on the junior varsity or varsity teams where such students will be sixteen (16) years of age or older upon entrance into the 9th grade prior to September 1st. Guidance Departments/School Administrators of elementary schools should provide the Athletic Director with ages of all students so they can be assured of four (4) years of eligibility prior to becoming ineligible at age nineteen.

D. **Athletic Recruitment** – This subsection prohibits the recruiting of high school students. For the purposes of this subsection, a student becomes a “high school student” on the first day the student attends ninth grade, or the first day the student attends fall sports practice prior to the student’s ninth grade year, whichever is earlier.

1. Athletic recruitment is contrary to the purposes and objectives of high school sports. Prohibiting athletic recruitment helps to keep athletics in its proper place and subordinate to academics; protects student-athletes from those having interests that might not be consistent with the interests of the student-athletes; and maintains competitive equity on a level playing field among member schools.
2. Athletic recruitment is defined as any effort to, proselytize, pressure, urge or entice a student to transfer to a school for athletic purposes. It is a violation for a member school to engage in athletic recruitment or for a student-athlete to transfer to a school as a result of athletic recruitment. Athletic recruitment includes, but is not limited to:
 - a. Using mail, letters, brochures, or news media to compare high schools and to solely point out the athletic assets of the sender;
 - b. Engaging in proselytizing interviews or communications, initiated by school personnel or associates;
 - c. Offering athletic scholarships, free tuition or other monetary assistance, either from the school directly or indirectly through some affiliated body or individual, to induce a student to attend the school for athletic reasons.
3. A member school shall be responsible for athletic recruitment by anyone associated with the school or acting at the direction of the school, including but not limited to administration, staff, coaches, students, parents, booster clubs, or any organization having a connection with the school.
4. Any evidence of recruiting by a member school shall subject the school to a hearing before the Controversies Committee. A school that is found to have violated the athletic recruitment rule shall be subject to the penalties set forth in Article X.
5. Any evidence that a student has moved to a residence associated with, leased, or provided by anyone associated with the school or acting at the direction of the school, including but not limited to administration, staff, coaches, students, parents, booster clubs, or any organization having a connection with the school, shall be considered prima facie evidence of recruiting.

E. **Credits**

1. To be eligible for athletic competition during the first semester (September 1 to January 31) a pupil must have passed 25% of the credits (30) required by the State of New Jersey for graduation (120), during the immediately preceding academic year.
2. To be eligible for athletic competition during the second semester (Feb. 1 to June 30), a pupil must have passed the equivalent of 12½% of the credits (15) required by New Jersey for graduation (120) at the close of the preceding semester (Jan. 31). Full-year courses shall be equated as one-half of the total credits to be gained for the full year to determine credits passed during the immediately preceding semester.

CL 1: The NJSIAA does not establish grading policies or standards for granting credits. The local school’s Board of Education has the exclusive authority to address such matters within the

parameters of the State Board of Education guidelines. Therefore, the NJSIAA will not waive, either the standards set by a member school or the minimum standards set forth in Article V, Section 4.E except as provided in Section 4.F (1).

CL 2: The credit status of a transferred student, determined by the previous school, may not be changed by the present school.

CL 3: There is no provision for make-up work for credits for second semester.

CL 4: Waivers will not be considered for a senior who does not attain 15 credits and who fails a subject in his/her first semester, unless that senior is passing all subjects in the subsequent marking period. The student must be on track for graduation and passing all classes during the third marking period.

CL 5: An athlete who is ineligible under Article V, Section 4.E(2) may become eligible for the remainder of the spring sports season on May 1, if he/she meets the requirements of Article V, Section 4E(2) as of that date.

Note: In order for a 9th, 10th, or 11th grader to become eligible per CL 5, the student must be passing all courses taken during the 3rd marking period and accumulated 22.50 credits when grades are averaged for marking periods 1, 2, and 3. 22.50 credits after three (3) marking periods puts the student-athlete on track to obtain the required 30 credits at the end of the school year.

3. The above paragraph 1 shall not apply to incoming students from grammar school (8th grade).
4. Notwithstanding the provisions of Paragraph 1 and 2 above, a pupil who is eligible at the beginning of a sports season shall be allowed to finish that season.

CL 1: According to regulations of the New Jersey State Board of Education, credit must be assigned equally to all secondary school courses. Thus, courses which at one time were considered "minor," e.g. Physical education, art, music, industrial arts, etc., must be included in the determination of academic requirements.

CL 2: Graduation Requirements – The provisions of Article V, Section 4.E (1) and (2) of the Bylaws will not be waived even though a school allows a student to carry only those courses necessary to meet minimal graduation diploma credit requirements.

- a. *If a student has received a diploma, he/she is ineligible. However, he/she may continue to represent his/her school until the official end of that semester—either January 31 or June 30.*
- b. *If a student has left school, but re-enrolls, he/she will be eligible thirty (30) calendar days from the date of re-enrollment.*
- c. *If a student has continued enrollment while absent from school, he/she will be eligible provided he/she is enrolled in and attends at least one course.*

CL 3: It is recognized that students may accelerate their academic programs during their first three years of secondary schooling. Consequently, such students may be eligible in the second semester of their senior year even when they carry less than 12½% of the State minimum (15 credits) during the first semester provided they are meeting their school district's graduation requirements and are passing all courses in which they are enrolled at the start of the first semester. Seniors who withdraw from courses with a passing grade (WP) will be eligible provided they are carrying sufficient credits for graduation purposes.

CL 4: When a student does not fail a course and/or withdraws passing and is unable to pass the required credits for reasons not under the control of the student, or the school, a waiver shall be granted. A student who enters from an out-of-state school or a foreign country that has passed all courses in which the student is enrolled, meets the requirements of this Section.

CL 5: Students receiving credits for courses at their previous school may use those credits to satisfy the credit requirements for athletic eligibility even though the present school does not grant credit for same. Such a situation is acceptable only on an immediate basis at the time of the transfer. The student subsequently becomes subject to the requirements of the present school.

CL 6: An athlete, whose education is interrupted after his/her entrance into the 9th grade (4 or 6 yr. high school) or 10th grade (3 yr. high school) and who does not pass the required courses as provided for in Article V, Section 4.E (1) and (2) of the Bylaws at the end of the semester, upon being readmitted at the beginning of the next semester, is ineligible for failure to meet the requirements of this section.

Exceptions to this rule are returned servicemen/servicewomen who have been honorably discharged and cases of unavoidable absence due to illness. Substance abuse is not considered as unavoidable absence due to illness; when illegal substance is the reason for not passing the required credits, a waiver will not be granted.

CL 7: An athlete who is ineligible under Article V, Section 4.E (1), may become eligible for the remainder of the winter sports season on February 1 if he/she meets the requirements of Article V, Section 4.E (2).

CL 8: Any summer work for makeup purposes for failed courses, completed and approved by the school before the sixth school day, in the Fall semester, may be used for eligibility purposes.

CL 9: A student eligible to represent his/her school in Winter Sports may continue to do so until the end of that season.

CL 10: A passing grade for a semester can only be used once for eligibility purposes. A student who has a semester's passing grade in a subject may not repeat that subject during a later semester and use it for eligibility purposes.

F. Handicapped/Classified Students

1. Course Waiver – All handicapped/classified students, as defined by the New Jersey State Department of Education, defined as Individuals with Disabilities Education Act-(IDEA), shall comply with the athletic eligibility rules and regulations of the NJSIAA (with the exception of Section 4.E of this Article V re: Credits), and in addition the student must have evidence of the following:
 - a. Parents, or guardians, must give consent for such competitive experience.
 - b. The Child Study Team must certify that the student successfully completed the I.E.P. in the previous year/semester commensurate with the student's ability. Final approval for participation must be given by the Principal.

CL 1: A student who is initially classified after failing to have satisfied the provisions of Section 4.E Credits (30 or 15) cannot regain eligibility until the Child Study Team has monitored that classified student for a semester/90 school days.

CL 2: Courses cannot be waived for ADA or 504 students.

- c. The medical inspector of the school district must certify that the youth has physical ability to compete equally with other participants.
2. Definition – Since handicapped or “disabled” children (as defined in this section) are not subject to Section 4.E of this Article V, the academic credit rule, it is important that schools understand what children may be eligible.
- a. Any handicapped child must be in a program approved by the State Department of Education for handicapped children.
 - b. Any handicapped child must be classified as such by an examiner approved by the State Department of Education.
 - c. Any handicapped child must be approved by the local Child Study Team to attend regular high school classes, home instruction, or he/she must be a member of a class in which he/she spends the greater part of each school day with other children under a teacher holding a certificate to teach.
 - d. All handicapped students, assigned to another school by the Board of Education, Division of Child Protection and Permanency and the courts and classified by the Child Study Team, will be eligible to compete on the interscholastic athletic teams of the school district in which the student resides, providing such receiving school does not sponsor an interscholastic athletic program in that sport, and so long as such students meet all other applicable NJSIAA eligibility requirements.

CL 1: Exception: In County Special Services School Districts, e.g., Bergen County where the district is not an adjunct school of the local public school district and where all schools are under the authority of the same Superintendent of Schools, all students are eligible to participate in the interscholastic athletic programs of that County’s vocational high school(s) unless they are approved to participate at the public high school where they reside and are processed as provided for in Section 4.F (2)e. and 4.G–CL 3.

- e. A handicapped student is permitted to participate in the interscholastic program of the school where the student is enrolled or the school where the student resides, when extenuating circumstances are present. A waiver shall be granted, upon review by the NJSIAA Executive Director or designee when agreed to by the principals of the involved schools.

G. Enrollment

1. Late Enrollment – A student who enters school after the first Monday in October shall not be eligible to represent that school until after the lapse of thirty (30) calendar days from date of his/her first entrance.

Note: The term “entrance” as used in this section and elsewhere in these Bylaws, means registration plus actual attendance at a school.

CL 1: Late enrollment refers to a student who does not enroll at any school at the beginning of the school year.

CL 2: A short period enrollment at any school will not be treated as entrance to that school and/or subsequent transfer will be recognized as uninterrupted enrollment at the original school absent any appeal from the previous school.

2. Initial Enrollment – At the beginning of his/her secondary school career a student is free to choose any secondary school he/she may legally attend, (9th grade in a 4- or 6-year high school or 10th grade in a 3-year high school).

Note: After this initial enrollment a student is subject to the transfer provision as provided for in Section 4.K (2) of this Article.

CL 1: A high school student is a regularly enrolled student as defined by the Department of Education.

CL 2: Vo-Tech/Public Academy Shared Time – When a student is carried on the Official Register and attends some classes at a school, but also attends additional classes at another school, he/she is eligible for interscholastic athletics at the school where he/she is carried on the Official Register. If a student is carried on both Official Registers, the student may choose the school at which he/she wishes to participate in all sports on a full school-year basis.

CL 3: Vo-Tech/Public Academy Full Time – If a Vocational/Technical High School/Public Academy does not offer the particular sport in which one of its full-time students desires to participate, that student may participate in that sport at his/her sending school upon agreement of both Principals, regardless of the number of sports programs offered at the Vocational/Technical High School/Public Academy.

CL 4: Vo-Tech/Public Academy – When a student-athlete transfers to or from a Vocational/Technical High School to or from the district school where the student resides the student is eligible immediately provided such assignment is by the Board of Education of the district where the student resides and the student satisfies all other eligibility regulations.

CL 5: Charter School – If a secondary Charter School does not offer the particular sport in which one of its full-time students wishes to participate, that student may participate in that sport at his/her school of residence upon agreement of both principals, regardless of the number of sports programs offered at the Charter School.

CL 6: Choice School – A choice student who attends a Choice School, pursuant to regulations adopted by the New Jersey Department of Education, shall be subject to the transfer restrictions contained in Article V, Section 4.K (1) and (2).

CL 7: Disabled Students: A pupil who is disabled and who is placed by the parents or guardians at their own expense in a non-public school for treatment of the disability shall be eligible to participate in the interscholastic athletic program of the student's resident school district, provided the student otherwise meets the eligibility requirements of the program and the student's participation has written approval of the board of education of the school district where the program is located.

CL 8: Vo-Tech/Academy/Public Sending District- When a student enrolls in an academy program through a Vo-Tech school (School A) which is housed at another District's High School (School B) which is different from the student's home sending district's high school (School C), he/she is eligible for interscholastic athletics where he or she is carried on the Official Register from School A or School B. If a student is carried on both School A and School B's registers, the student may choose the school at which he/she wishes to participate in all sports on a full school-year basis. The student is not eligible for interscholastic sports from his/her home sending district (School C) regardless of what sports are offered at School A and School B.

- H. **Post-Graduates** – No post-graduate student shall be eligible for high school competition. When a student graduates from a school (days or weeks) before the official end of the semester that student may continue to represent his/her school until the official end of that semester – either January 31 or June 30. A student becomes ineligible for high school athletics when the class in which he/she originally enrolled is graduated.

CL: A League/Conference or County may grant a waiver (as provided for in the Rules & Regulations, Rule 2, Specific Sport Regulations, Note 3) to permit teams or individuals from the New Jersey Association of Independent Schools to participate if such Student-Athletes are in the first year of post-high school matriculation.

- I. **Pre-High School Students** – Students in any 9th grade are eligible for teams in the Senior High School in that district at the discretion of the administrators and the Board of Education in that district. Students in any 6th, 7th, or 8th grades of any school (Jr. High or Sr. High) who play on 9th grade or so-called freshman or sophomore, junior varsity and varsity teams will be ineligible at the conclusion of eight consecutive semesters of such participation. Junior High School 9th grade teams may play against 9th grade teams from 4-year or 6-year high schools.

CL 1: Article V, Section 4.I is applicable to all 9th grades including those which are under the supervision and control of an administrative head (Principal) separate and apart from the administrative head (Principal) of the Senior High School. All 9th grade students in an 8-4, 6-6 or 6-3-3, or other administrative plan may participate on a junior varsity or varsity team without jeopardizing their eligibility to participate on a 9th grade team in that sport; however, when 9th grade students are under a separate administrative head than that of the Senior High School such agreement must be affirmed, in writing, to the NJSIAA over the signature of both administrative heads.

Any 9th grade Student-Athlete who participates on a junior varsity or varsity team or any team at the high school level will be subject to the eligibility provisions of the Bylaws, Article V, 4.G (2). This means that such 9th grade students will be subject to the transfer provisions of Article V, Section 4.K.

CL 2: Students below the 9th grade are not permitted to practice with students of grade nine (9) through twelve (12), neither may they “suit up” with those teams for games or scrimmages involving grades nine (9) through twelve (12) unless a waiver has been granted (to ensure eight (8) consecutive semesters of participation). Student will be considered to have begun his/her eight semesters of eligibility on a sport specific basis pursuant to Article V, Section 4.I.

CL 3: All games in which 6th, 7th and 8th grade students participate will cause forfeiture of said games under this Section unless a waiver has been granted.

CL 4: Students in 6th, 7th or 8th grades who will reach age sixteen (16) prior to September 1 while properly enrolled in a member school may request a waiver of the Bylaws, Article V, Section 4.I, Pre-High School Student, to have an opportunity to participate in interscholastic athletics for four (4) years prior to becoming ineligible.

J. **Semester of Eligibility:**

1. No student shall be eligible for high school athletics after the expiration of eight consecutive semesters following his/her entrance into the 9th grade. A student becomes ineligible for high school athletics when the class in which he/she was originally enrolled has graduated.

2. This rule shall not apply to classified students who are ungraded. Classified students who are ungraded will have eight consecutive semesters of eligibility beginning with the first semester of participation in interscholastic athletics at the freshman, junior varsity, or varsity level.
3. This rule shall not apply to an honorably discharged serviceman/servicewoman, in which case the Executive Committee may make any adjustments of this rule as it may deem equitable.
4. Students below the 9th grade who participate on a high school team will be ineligible at the conclusion of eight consecutive semesters, beginning with the student's initial pre-9th grade participation. If a student's pre-high school participation in high school sports occurred in a state other than New Jersey, the student's eight consecutive semesters of eligibility shall begin when the student enters high school, provided that (a) the student has transferred into New Jersey via a change of residence; (b) a Transfer Form has been completed; and (c) the student meets all other eligibility requirements, including academic requirements.

CL 1: In order to assure the opportunity for eight consecutive semesters of interscholastic eligibility, member schools may request waivers to permit students who are enrolled in the 6th, 7th and 8th grades and who are otherwise academically eligible, to participate on the junior varsity or varsity teams where such students will be sixteen (16) years of age or older upon entrance into the 9th grade prior to September 1st. Guidance Departments/School Administrators of elementary schools should provide the Athletic Director with ages of all students that qualify under this Clarification so they can be assured of four (4) years of eligibility prior to becoming ineligible at age nineteen.

CL 2: Guidance Departments should provide the Athletic Director with ages of all classified students so they can be assured of four (4) years of eligibility prior to becoming ineligible at age nineteen.

K. Transfers

1. Purpose:

NJSIAA's mission is to administer education-based interscholastic athletics, which support academic achievement, good citizenship, and fair and equitable opportunities. Transfers for athletic reasons undermine the stability of sports programs, elevate athletics over academics, lead to disparities in competitiveness, and erode the level playing field that the NJSIAA seeks to foster. Multiple transfers within a high school career disrupt a student's education. Transfers after a sports season has started not only disrupts the team, but also the competitive balance among schools.

This rule is designed to discourage transfers for athletic reasons, multiple transfers, and transfers after a sports season has begun, by imposing short but predictable periods of ineligibility for those transfers while providing one penalty-free transfer under certain conditions.

Because the periods of ineligibility set forth in this rule are among the shortest in the nation, and the purpose of the rule is designed to deter inappropriate transfers, there shall be no waivers of this rule.

2. Definitions:

Transfer: A "transfer" occurs when a student who has previously enrolled in a secondary school leaves that school and enrolls in a new one. The date of transfer shall be the earlier of the first day of class or the first day of sports participation at the new school

Senior Transfer: A "Senior Transfer" is a student-athlete whose first transfer occurs during or after their third season of eligibility in a particular sport in which they participated in during the 12 months preceding the transfer.

Start of Practice Date: “The Start of Practice Date” is the first day of practice for each sport as set forth annually in the Program Regulations, Section 6.

Competition Start Date: The “Competition Start Date” is the first day of competition for each sport as set forth annually in the Program Regulations, Section 8. For football, the Week 1 Competition Start Date will be used.

HIB Transfer: Under the Anti-Bullying Bill of Rights Act, a state law that public schools are required to follow and non-public schools are encouraged to follow, harassment, intimidation and bullying (HIB) are matters that are investigated and addressed by the school. The NJSIAA does not hold hearings to determine whether a student was bullied. A “HIB transfer” will exist when a school, after investigating a HIB complaint, determines that the proper action to remediate the complaint is an alternative placement or a school transfer.

Maximum Number of Contests: The “Maximum Number of Contests” for each sport are as set forth in the Program Regulations, Section 15. For football, the Maximum Number of Contests is nine. For wrestling and other sports without a maximum number of contests listed in the Program Regulations, the period of ineligibility shall be the number of days specified in each section Below.

3. A student’s first transfer:
Students are entitled to one penalty-free transfer during the first six semesters after their initial high school enrollment, provided that the transfer occurs on or before the Start of Practice Date of the sports season in which the transfer occurs.
4. Transfers occurring after the Start of Practice:
Students who transfer after the Start of Practice Date will be subject to a 30-day period of ineligibility (or ½ the Maximum Number of Contests in that sport, whichever is less).
5. Transfers occurring after the Competition Start Date:
In addition to the period of ineligibility set forth in Section 4 above, any student who transfers after the Competition Start Date will not be eligible for NJSIAA postseason competition in that sport.
6. A student’s second or subsequent transfer:
Students who transfer a second or subsequent time will be subject to a 30-day period of ineligibility (or ½ the Maximum Number of Contests, whichever is less) for all NJSIAA sanctioned sports in which the student participated during the 12 months preceding the transfer.
7. Senior transfers:
Senior transfers, as defined above, are subject to a 22-day period of ineligibility (or 1/3 the Maximum Number of Contests, whichever is less) in each sport in which they participated during or after their third season of eligibility, during the 12 months preceding the transfer.
8. General application:
 - a. This Transfer Rule applies to all athletes at all levels of participation (not just varsity athletes) and is applicable to all NJSIAA-sanctioned sports in which the student participated during the 12 months preceding the transfer. Transferring students may participate in a new sport without penalty.
 - b. The period of ineligibility will begin on the Competition Start Date of each sport. For students who transfer after the Competition Start Date, the period of ineligibility will begin on the date of enrollment.

- c. When calculating the period of ineligibility using the Maximum Number of Contests, NJSIAA will round down to the nearest whole number if the number of contests is not divided evenly. For example, if the Maximum Number of Contests were 14, then the calculation for a Senior Transfer (14 divided by 3) would be 5.67 and rounded down to a 5 contest sit.
- 9. Exceptions:
Immediate eligibility, without penalty, will be granted for transfers resulting from DCP&P placement, court placement, HIB transfers, and military transfers.
- 10. Enforcement:
The NJSIAA monitors transfers with the cooperation of the member schools. To that end, the NJSIAA maintains an online Transfer Portal. For each transferring student, the sending school and the receiving school must enter the required information into the Transfer Portal.

All Bylaws, rules and regulations in conflict with this new section shall be declared void.

- L. **Administrative Responsibility** – The Association must rely upon the voluntary compliance by its member schools in enforcing the eligibility standards set forth in this article. Toward that end, the Principal in each member school has the affirmative obligation to report to the NJSIAA any violations of these standards. The fact that a school has disclosed that there has been an eligibility violation will not relieve the affected school of sanctions that may be imposed against it, pursuant to Article X of these By-Laws, including the forfeiture of games or events. However, the failure to disclose an eligibility violation may be grounds for imposing additional sanctions upon the offending school.

CL 1: Although the penalty of forfeiture for the use of an ineligible player is mandatory and not appealable to the Executive Committee, the school may appeal the determination of eligibility provided such request for waiver occurs prior to the participation by the Student-Athlete.

CL 2: Participation by an ineligible player in any game during the regular season results in forfeiture of said game. If such forfeit(s) would have caused the school's failure to qualify for the tournament or if an ineligible player participates in a tournament game, said SCHOOL will be disqualified from the tournament immediately, unless the championship has been concluded, and their last opponent will advance in their place. Schools eliminated prior to the last opponent will not re-enter tournament competition.

Article VI
CONTRACTS

Section 1

The Principal of the school is responsible to the State Association for all matters pertaining to the athletic relation of his/her school, and all contracts must be signed by the Principal.

Section 2

All athletic contests between schools shall be regulated by written contract, setting forth the details of time, place, finances, officials, or other agreed upon provisions.

CL 1: "Principal" refers to high school principal, superintendent of schools, or headmaster in this and all sections of the NJSIAA Constitution, Bylaws, and Rules and Regulations.

CL 2: Schedules approved by Leagues or Conferences will constitute contractual obligations for the purposes of this article.

CL 3: All athletic contests between schools must be approved by the District Board of Education.

CL 4: It is recommended that written contracts be executed for all scrimmages.

CL 5: Absence of a written contract, or as provided here, declares nonexistence of an obligation by either party.

Article VII

PROTESTS

Section 1

Protests against alleged violations of contracts, violations of the accepted standards of good sportsmanship, or the Constitution and Bylaws of this Association, should be reported in writing and posted by the Principals of the participating schools or the game officials to the Executive Committee, through the Executive Director, within one hundred twenty (120) hours of the time of such violation, with a copy to the alleged violator. Protests based upon an official's judgement or misinterpretation (*misapplication*) of the playing rules will not be honored.

CL 1: The one hundred twenty (120) hour provision will be satisfied, if the school's Principal notifies the League or Conference expected to report a violation of good sportsmanship or any violation within 120 hours as required by Article IX, Section 4, and other Articles and Sections contained in the Constitution or Bylaws, cannot use the failure of such disclosure as an excuse to prevent the NJSIAA Executive Committee or Controversies Committee from taking jurisdiction of such a matter as provided by Section 4 of Article VII.

CL 2: "Protests based upon an official's judgement or misinterpretation (misapplication) of the playing rules will not be honored" does not preclude a League or Conference from addressing same; however, the NJSIAA will not honor such protests for non-conference games/meets, neither will the NJSIAA hear appeals to a League or Conference decision based upon an official's judgement or misinterpretation (misapplication) of the playing rules.

Section 2

There shall be a committee consisting of the Executive Director, the President, and a member of the Executive Committee who shall meet at the call of the Executive Director to hear any disputes and grant interim relief pending a decision on the matter by the Eligibility Committee, Controversies Committee or Executive Committee.

Any relief granted will expire at the end of the next Executive Committee meeting unless extended by resolution of the Executive Committee. The President and Executive Committee member, if they act in such capacity, shall be disqualified from discussion and voting on such matter before the Executive Committee.

Section 3

No protests against alleged violations of contracts shall be entertained in the absence of a duly executed contract made in accordance with Sections 1 and 2 of Article VI of the Bylaws.

Section 4

The Executive Committee may initiate proceedings on its own motion or may in its discretion refer the matter to the Controversies Committee.

Article VIII

CONTEST RULES – CHAMPIONSHIPS – OFFICIALS

Section 1

In all tournaments and meets conducted by this Association each member school must compete in its own group and section classification, unless fewer than eight (8) schools qualify. In that case, the Executive Committee may combine one or more groups. **When the Committee eliminates sectional championships because of an insufficient number of schools qualifying, the State Group Championships will be conducted on a statewide quartile basis or State Championships may be conducted without regard to Groups or Division.**

Federated members shall not be eligible for NJSIAA tournament competition.

CL 1: When submitting records for tournament qualification, schools listing forfeit wins/losses must attach an explanation for same.

CL 2: When fewer than eight (8) schools qualify in a group and section, the Executive Committee may combine one or more groups/divisions because of insufficient competition without regard to Public/Non-public classification.

Section 2

All contests involving member schools must be played according to the rules of the National Federation of State High School Associations. This applies to all sports for which rules are formulated by that Association.

CL 1: The NJSIAA does not permit “exhibition” (non-scoring) participation in any sport. Therefore, any reference to “exhibition” events, bouts and the like (e.g., in the National Federation Swimming Rules) are not permitted.

CL 2: In dual swim meets in pools with six (6) or more lanes, an independent swimmer representing a member school that does not have a swim team, may swim in up to four (4) events in an open lane, provided both teams competing agree, the pool site administration agrees, and the officials agree.

Section 3

All baseball, basketball, field hockey, fencing, football, gymnastics, ice hockey, lacrosse, soccer, softball, swimming, tennis, volleyball, and wrestling officials working in any NJSIAA interscholastic baseball, basketball, field hockey, fencing, football, ice hockey, lacrosse, soccer, softball, tennis, or volleyball game, gymnastics or swimming meet, or wrestling match, must be registered with the Association.

Section 4

The Executive Committee may approve the certification of officials and/or officials’ chapters in all sports; and the minimum requirements for testing, training and evaluating all officials. (See Requirements for Registration of Officials for NJSIAA minimum requirements for approval of officials’ chapters and minimum requirements for registration of officials.)

Article IX

SPORTSMANSHIP

Section 1

Statement of Administrative Responsibility:

Member schools are expected to conduct their relations with each other at all levels of competition in a spirit of good sportsmanship in keeping with the objectives we have set for ourselves. Everyone involved has the obligation to clearly see his/her influence and act accordingly.

The Association acknowledges that the school administration is responsible for the athletic program, including the making of broad and specific policies relating to sportsmanship and the conduct of activities in the schools. The school Principal, for example, as the administrative head of his/her school, has the responsibility for establishing the principles of good sportsmanship in the minds of the entire school family. He/she realizes that the kind of sportsmanship that is practiced or displayed by the representatives of his/her school will reflect to its credit or otherwise.

The Principal, therefore, is the final authority responsible for all athletic activity of his/her school at whatever level of competition in which that school is engaged. In recognition of this authority and responsibility, the following general recommendations are suggested by the Association as a guide to school administrators with respect to sportsmanship policy.

Section 2

General Guideline Recommendations:

- A. Each school administration shall establish broad and specific policies and procedures relating to sportsmanship and to identify responsibilities of administrators, coaches and students to ensure their observance.
- B. Each school administration shall insist that personnel set good examples of deportment and sportsmanship and to correct those individuals at fault at a time convenient and in a manner adequate for the situation. Reporting of the action taken, in writing, to the NJSIAA by the Principal is mandatory.
- C. Each school administration shall utilize all appropriate occasions and means to emphasize desirable deportment and sportsmanship of all coaches, students and other personnel.
- D. The supervision of trips and “away” contests shall be such as to assure that the conduct of school representatives brings credit to themselves, their school and their sport. To this end, the Association advocates the full promotion of cooperative “host-guest” relationships between and among schools entering into athletic competition.
- E. Hazing – Continuing the focus on sportsmanship, citizenship and leadership, the NJSIAA encourages member schools to establish local policies, procedures and regulations pertaining to incidents of “Hazing.”
- F. Coaches must be cautioned not to refuse to play or to complete a game/meet. Such decisions are within the jurisdiction of the game/meet officials once game/meet has started, or rest with home management and/or tournament director if the game/meet has not started.

Penalty – Any school whose coach violates Section 2.F shall be placed on probation by the Association for not less than one year from the date of violation, and shall not receive championship recognition from this Association in that sport, or enter any championship games, matches, meets or tournament sponsored by the Association in that sport unless the NJSIAA deems sufficient administrative action has been taken against the coach. Conditions of probation are outlined in the Bylaws, Article X, Section 2.A. Probation. In addition, the coach will be fined a minimum of \$300.00.

Section 3

Association Responsibility:

The Association recognizes and appreciates that the influence and responsibility of the school administration with regard to good sportsmanship extends to all levels of competition. However, it must also be seen that the NJSIAA has been vested with the responsibility to ensure that all contests under its jurisdiction are conducted satisfactorily. In exercising its responsibility as it applies to the principles of good sportsmanship, the Association will be guided by the Sportsmanship Rule/Policy below.

SPORTSMANSHIP RULE/POLICY

High standards of courtesy, fair play and sportsmanship must be featured at association competitions.

While this rule is a general statement and one which may be difficult to reduce to objective standards in terms of enforcement, it is the heart of the entire Association program. Good sportsmanship, respect for rules, respect for others, and fair play, are basically the motives through which an interscholastic athletic program is justified and defended.

It shall be the responsibility of each member school to ensure that all individuals employed by or directly associated with the athletic program, including its Student-Athletes, comport themselves in a sportsmanlike manner when representing their school, especially at interscholastic events.

Unsportsmanlike conduct shall subject the individual to disciplinary action. The member school with which the individual is associated may also be subject to disciplinary action if it is found that the member school's policies, actions, or failure to act, substantially contributed to the individual's conduct.

Unsportsmanlike conduct shall include but not be limited to the following:

- A. Any person (athletic department, staff member, Student-Athlete or a fan or spectator associated with a member school) who strikes or physically abuses an official, opposing coach, player, or spectator.
- B. Any person (athletic department, staff member, Student-Athlete or a fan or spectator associated with a member school) who intentionally incites participants or spectators to violent or abusive action.
- C. Any person (athletic department, staff member, Student-Athlete or a fan or spectator associated with a member school) who uses obscene gestures or profane or unduly provocative language or action towards officials, opponents, or spectators.
- D. Any person (athletic department, staff member, Student Athlete, or a fan or spectator associated with a member school) who engages in harassing verbal or physical conduct related to race, gender, ethnicity, disability, sexual orientation or religion at an interscholastic event.
- E. Any school or athletic staff member who is publicly critical of a game official, opponents and/or opposing coaches/players.
- F. The administration of a member school will be responsible for the unsportsmanlike conduct of that school's fans or spectators.

CL 1: Schools are not permitted to conduct pre-meet/game activities of an intimidating nature, e.g., the use of fog machines, the blaring of sirens or loud music/unusual sound effects, strobe/unusual lighting effects, or similar type activities.

Section 4

General Prohibition against Performance Enhancing Drugs:

It shall be considered a violation of the Sportsmanship Rule for any student-athlete to possess, ingest or otherwise use any of the substances on the list of banned substances, without written prescription by a fully-

licensed physician, as recognized by the American Medical Association, to treat a medical condition. Violations found as a result of NJSIAA testing shall be penalized in accordance with this policy. Violations found as a result of a member school's testing shall be penalized in accordance with the school's policy. The NJSIAA policy shall consist of this general prohibition, the NJSIAA Steroid Testing Procedures, the NJSIAA Steroid Testing Protocol, and the NJSIAA Banned Drug Classes.

Section 5

Executive Authority:

- A. The Investigation of Complaints. The Association vests authority in its President and Executive Director to investigate and take appropriate action on any reported flagrant violation of the sportsmanship rule occurring during the regular season or NJSIAA tournament competitions. The President or Executive Director may request the school or the league or conference to investigate the violation and report any action taken. The President or Executive Director may also refer the violation to the Controversies Committee for investigation.
- B. Bias incidents. In addition to any other investigation undertaken by a school, league conference or the NJSIAA, the Executive Director shall forward to the New Jersey Division on Civil Rights any report of a violation of the sportsmanship rule resulting from harassing verbal or physical conduct related to race, gender, ethnicity, disability, sexual orientation or religion at an interscholastic event.
- C. Reported violations shall be resolved in a manner sufficient to correct the problem, and may range from a written statement of the findings by the Executive Director to the school administration, to appropriate disciplinary action.
- D. Any report of a violation of good sportsmanship occurring during an NJSIAA sanctioned event, must be submitted in writing and include the violator and/or his/her school.

Article X

PENALTIES

PENALTIES SHALL BE ASSESSED BY THE EXECUTIVE COMMITTEE OR THE CONTROVERSIES COMMITTEE FOR INFRACTIONS OF THE ASSOCIATION CONSTITUTION, BYLAWS OR RULES AND SHALL INCLUDE BUT NOT BE LIMITED TO:

Section 1

To ensure that member schools make certain that all Student-Athletes comply with eligibility standards or that they obtain appropriate waivers where necessary prior to competition, the following forfeiture penalties will be imposed. If the ineligible student participated in a TEAM SPORT, then that team will forfeit any games that it has won, irrespective of how long the ineligible student participated in that contest. This is so because it is impossible to calculate the impact made on a team contest by one or more individual players. In cases where the ineligible player participated in an INDIVIDUAL SPORT, then the team will only forfeit the events in which that player participated, since the impact of individual players can be calculated with some certainty. This penalty is mandatory and will not be subject to any appeal to the Executive Committee.

CL 1: Although the penalty of forfeiture for the use of an ineligible player is mandatory and not appealable to the Executive Committee, the school may appeal the determination of eligibility.

Section 2

After conducting a hearing and subject to an appeal to the Executive Committee, as set forth in Article XIII of the Bylaws, the Controversies Committee may impose the penalties set forth in this Section.

- A. Probation – A probationary period not to exceed two years may be imposed, which may include a requirement that a member school submit appropriate reports to the Association, certifying that the violations are not continuing. The Controversies Committee may determine that an offending school may not participate in championship contests in the sport in which the violation occurred.

- B. Forfeit of Games – Under such terms and conditions as the Controversies Committee shall provide.
- C. Forfeit of Championship Rights – A school may be required to forfeit championship rights as determined by the Controversies Committee.
- D. Suspension of Coaches and Players – In addition to any disqualifications imposed for unsportsmanlike and flagrant verbal or physical misconduct during an interscholastic contest a coach or player may be suspended for a violation of the Constitution and Bylaws or Rules of this Association, or for violations of the rules of good sportsmanship or the rules of a particular game.
- E. Fines – Member schools, Principals, Athletic Directors, and/or coaches may be fined by the Controversies Committee in an amount not to exceed \$5,000.00 per party. Member schools may also be required to pay any property damages caused by their improper behavior and for the transcript and court stenographer costs of the Controversies Committee hearing, which would be payable within sixty (60) days.

** This amendment approved by letter from Commissioner of Education dated July 6, 1987 and published in the September, 1987 NJSIAA Bulletin.*

Section 3

Major Fines and Expulsion:

The Controversies Committee may recommend for approval by the Executive Committee, the imposition of major fines against member schools, principals, athletic directors and coaches exceeding \$5,000.00 per party for serious violations of the Bylaws or Rules of the Association and/or the expulsion of member schools and/or coaches for serious violations of the Constitution, Bylaws and Rules of the Association after a hearing or review on appeal by the Executive Committee, pursuant to Article XIII of the Bylaws.

Article XI

Article XIII

HEARING PROCEDURE

Section 1

The President of the New Jersey State Interscholastic Athletic Association shall nominate an Eligibility Committee and a Controversies Committee of no less than four members each and a chairman of each committee, none of whom shall be members of the New Jersey State Interscholastic Athletic Association Executive Committee. The Eligibility Committee will make initial determinations of controversies involving eligibility except unsigned Transfer Forms arising under the Constitution, Bylaws and Rules and Regulations of the New Jersey State Interscholastic Athletic Association. The Controversies Committee shall make determinations of all other controversies arising under the Constitution, Bylaws and Rules and Regulations of the New Jersey State Interscholastic Athletic Association.

*CL 1: The Eligibility Committee meets **six** times per year at the beginning of each of the three sports seasons and at the end of the year. This Committee makes determinations based on written documentation.*

CL 2: The Eligibility Committee shall only rule on waiver requests submitted by member schools. All initial eligibility waiver requests must be filed by member schools on behalf of the student athlete.

Those persons nominated to the Controversies Committee shall be members of the Advisory Committee of the New Jersey State Interscholastic Athletic Association. Those persons nominated to both Committees by the President, shall be confirmed by the Executive Committee by a majority vote prior to beginning their service on the respective Committee. They shall serve for one year, to expire on the last day of June, following their appointment. The Chairman of the respective Committees shall not vote except in the case of ties. The Committees shall be as representative as possible of all groups represented on the Executive Committee of the New Jersey State Interscholastic Athletic Association.

Section 2

All appeals from initial decisions of the Eligibility Committee, as well as initial decisions when the Eligibility Committee cannot consider an eligibility request in a timely fashion, shall be determined by an

Eligibility Appeals Committee, consisting of a Chairperson and the following members of the Executive Committee: 4 representatives of public high schools, one from each section of the State; 1 representative from the non-public high schools; 1 representative from either the ex-officio members or the at-large members of the Executive Committee, as they are defined in Article V of the Constitution of the NJSIAA; and 4 alternates, all of whom can vote, and one of whom shall be a representative from the non-public high schools and one of whom shall be the Second Vice President of the Association.

The First Vice President of the Association shall serve as Chairperson of this Committee and in his or her absence, the Second Vice President shall serve as Chairperson. The President of the NJSIAA shall nominate the remaining members of the Eligibility Appeals Committee, who shall be confirmed by majority vote, and who shall serve for one year to expire on the last day of June following their appointment. The Eligibility Appeals Committee shall be delegated with the final authority to render determinations concerning eligibility.

The Eligibility Appeals Committee shall consider eligibility matters, in accordance with the following procedures:

1. The Eligibility Appeals Committee shall decide an appeal on either written submissions or at a hearing.
2. Any party seeking an eligibility determination must file a request with the NJSIAA at least ten days prior to the next scheduled Eligibility Appeals Committee meeting, together with ten copies of any initial determination, and ten copies of any and all documents it wishes to have the Committee consider in determining its appeal. The request shall indicate whether the Appellant wishes to proceed on the basis of the written submissions or at a hearing.
3. The Eligibility Appeals Committee shall meet to determine any pending appeals on days corresponding with the regular scheduled meetings of the Executive Committee.
4. If a hearing cannot be scheduled in a timely fashion, the Eligibility Appeals Committee may decide any appeal on the basis of the written submissions.
5. If an eligibility appeal proceeds to a hearing, any party shall be entitled to be represented by counsel, all witnesses will be sworn and the right of cross-examination shall be provided.
6. Four members of the Eligibility Appeals Committee shall constitute a quorum. The Chairman shall be a non-voting member of the Committee except where there is a tie vote on any appeal. A member shall not vote on any appeal involving a school or Conference to which such member is affiliated; or an appeal that would impact upon a member's school.
7. The Eligibility Appeals Committee may designate the Attorney for the Association as a hearing officer for any formal hearings. The hearing officer shall conduct the hearing and make all appropriate rulings concerning evidence and the manner of proceeding, but shall not cast a vote concerning the appeal.
8. Except for private deliberations concerning a disposition of an appeal, all proceedings of the Eligibility Appeals Committee shall be transcribed by a certified court stenographer and transcripts shall be available to any requesting party, at cost.
9. All determinations of the Eligibility Appeals Committee shall be set forth in a written decision to be sent to the parties no later than ten (10) days after the conclusion of a hearing.
10. As a voluntary association of member schools, the NJSIAA must rely upon those schools in providing notice and all other relevant information concerning eligibility rules and appeal procedures to affected students and parents.

Section 3

Any Conference may make determinations of controversies arising out of the Conference's Constitution, Bylaws and Rules and Regulations, as well as those of the NJSIAA, where such controversies involve only member schools of the Conference, but do not deal with issues of eligibility and conform with the Conference's written hearing procedures, which shall have been approved by the Executive Director of the NJSIAA.

Section 4

All complaints, protests or disputes referred to the Association by a Conference or others, shall be reviewed by the Executive Director and referred to the Controversies Committee where applicable. The Controversies Committee shall hear controversies directly or on appeal from a Conference determination. This Committee shall conduct formal hearings, on notice to all involved parties, who shall be afforded the right of counsel, the presentation of testimony under oath, cross-examination and a written decision. The Committee shall conduct hearings against any party charged with a violation of Association Bylaws or Rules, notwithstanding the failure of the charged party to attend such hearings. All parties will be allowed to submit any relevant documents or written presentations to the Controversies Committee for its consideration, provided ten copies of such submissions are provided to the NJSIAA, with a copy to each involved party, and if on appeal from a Conference determination to the affected Conference, at least ten days before the scheduled hearing.

Section 5

In the event any party is aggrieved by any decision of the Controversies Committee, it may appeal to the Executive Committee of the New Jersey State Interscholastic Athletic Association which shall determine the matter in accordance with the provisions of the Bylaws and Constitution of the New Jersey State Interscholastic Athletic Association. In considering such appeals, the Executive Committee shall serve as an appellate body, and the appeal shall be confined to the record developed before the Controversies Committee. It is recommended that at least one member of the Controversies Committee be present at all appeal hearings relating to any Controversies Committee decision. All appeals to the Executive Committee must be accompanied by a check in the amount of \$500.00 to serve as a deposit for transcript and court stenographer costs of the Executive Committee proceeding.

CL 1: It shall be the obligation of the appealing party to reproduce fifty (50) copies of any portion of the record that party will rely upon in its appeal to the Executive Committee which shall be furnished to the NJSIAA and any other parties at least ten (10) days before the scheduled Executive Committee meeting.

CL 2: The \$500.00 deposit is an estimate of transcript and reporter appearance costs for an appeal to the Executive Committee. If the appeal is successful, then the deposit will be returned to the appealing party. If the appeal is unsuccessful, then the appealing party will either (a) receive a rebate to the extent that such costs are less than the deposit; or (b) pay an additional amount to the extent that such costs are more than the deposit

Section 6

In emergent circumstances where time will not permit a controversy to be heard by the Controversies Committee. The Executive Committee may hear such a controversy and render a decision thereon in an informal manner after all involved parties are provided with notice and an opportunity to present their positions before the Executive Committee.

Section 7

The President of the Association may refer any matter to the Attorney for the Association to conduct a hearing. In the event such referral is made, the Attorney shall conduct a hearing and preside as the hearing officer. The Attorney shall make findings of fact and make recommendations to the Executive Committee in writing. Objections to the Attorney's report shall be heard by the Executive Committee.

Section 8

Any member school which institutes an unsuccessful appeal before the Commissioner of Education and/or the courts challenging a rule or a decision of the Association, not involving the eligibility of Student-Athletes, either prior to or after having first exhausted the internal appeal procedures of the Association,

will assume the full cost of such litigation, including costs and counsel fees incurred by the Association and member school(s).

CL 1: By way of illustration without limitations the type of actions for which litigation costs will be imposed. The full costs of litigation, including counsel fees, will be imposed upon a member school which does not prevail in challenging a decision of the NJSIAA. The following circumstances are provided by way of illustration and without limitation:

- 1. Any litigation which challenges, in whole or part, the Constitution, Bylaws, Rules or Regulations adopted by the general membership of the NJSIAA, or which was enacted by the Executive Committee by a two-thirds ($\frac{2}{3}$) vote, and subject to amendment, addition or rescission by the general membership, pursuant to Article V, Section 6 of the NJSIAA Constitution.*
- 2. Since participation in a particular sport, or in post-season tournament play conducted by the NJSIAA, is completely voluntary, any member school which unsuccessfully challenges either the rules and regulations for a particular sport, or the tournament rules, and/or the interpretation or implementation of such rules or regulations by responsible NJSIAA Committees, will be assessed the full costs of litigation.*
- 3. All challenges brought before the Commissioner or any Court, prior to exhaustion of internal processes provided by the NJSIAA, except where time does not permit the convening of appropriate NJSIAA Committees to determine the controversy, which is the subject of the appeal.*

CL 2: The payment of any litigation costs or counsel fees shall be rendered in accordance with the following procedures:

- 1. At the conclusion of any unsuccessful litigation brought by a member school, as defined by CL 1 above, Counsel for the NJSIAA shall transmit to the NJSIAA Executive Director a Statement of Costs and Counsel Fees incurred in this litigation. Costs shall include all filing fees, reproduction and transcript costs, appearance fees and expenses of any witnesses at any hearing or other proceeding, as well as all postage and telephone costs incurred in this litigation, after a final decision is rendered by the NJSIAA Executive Committee.*
- 2. The Executive Director shall thereafter transmit the Statement of Costs and Counsel Fees to the unsuccessful litigating member school, for payment to be rendered within sixty (60) days, payable to the Association.*
- 3. In the event that a member school joins another member school or an athletic conference as an adverse party, in any unsuccessful litigation, as defined by Section A, then the unsuccessful litigating school will be liable to the other school or conference in the same manner and to the same extent as it is liable to the NJSIAA.*
- 4. Any member school which does not make full payment of the costs and fees within sixty days of the rendering of the Statement of Costs and Counsel Fees to that school, shall be deprived of all rights to participate in any post-season interscholastic championship contests conducted by the NJSIAA. The prohibition shall continue until and unless the full amount of Costs and Counsel Fees is paid to the NJSIAA, with interest at prevailing rates, assessed beginning sixty days after the rendering of such Costs and Counsel Fees. This prohibition will also extend to a member school which joined another member school or an athletic conference as an adverse party in such unsuccessful litigation.*

Section 9

Except as provided in Section 4 herein, no initial waiver requests or proceeding dealing with a specific school(s), staff or student(s) shall be conducted by any committee of the Association unless the Principal

of the involved school(s) or his or her authorized representative is in attendance. A school shall be bound by any statements made by such representatives at committee proceedings. Requests for an appeal of an NJSIAA ruling by any party other than the school will be heard and interpreted as not having the support of the school when the Principal or his or her authorized representative is not present.

Section 10

In cases involving recruitment, jurisdiction over the member school shall lie with the Controversies Committee, and jurisdiction over the student-athlete shall lie with the Eligibility Appeals Committee.

Article XIV

AMENDMENTS

Section 1

These Bylaws and Rules and Regulations may be amended by a majority vote at the Annual Meeting based upon the total number of **ballots cast** at the Annual Meeting. Such amendment will become effective on July 1 following the Annual Meeting unless, by a separate two-thirds ($\frac{2}{3}$) vote based upon the total number of **ballots cast** at the Annual Meeting, an earlier date is set.

Section 2

Any member school may initiate an amendment to the Bylaws, Rules or Regulations by following the procedures set forth in Article XII, Sections 1 and 2 of the Constitution.

Section 3

Bylaws, Rules and Regulations may also be amended by the Executive Committee as provided in Art. V, Section 5 of the Constitution.

NJSIAA RULES AND REGULATIONS

STUDENT-ATHLETE GUIDELINES

Section 1 Team Status

Student-Athlete is a properly enrolled student at a member school who has attained team status in a particular sport; i.e., sophomore, junior varsity, and varsity. Incoming freshmen are subject to all out-of-season regulations in all sports in spite of not having attained team status. Students who have completed the eighth grade are regarded as freshmen the day after their respective last day of school or June 30, whichever comes first. All team members must be listed on the eligibility report filed in a member school's office.

CL 1: The NJSIAA Constitution, Bylaws, and Rules and Regulations apply to all freshman, sophomore, J.V. and varsity participants competing in interscholastic games and/or scrimmages; unless otherwise provided for in Junior High 9th grade Regulations. To further clarify the Junior High School Regulations intent it is recommended that 9th grade follow all references to the Junior High in the regulations.

CL 2: Team status will be defined as having been on the current/immediate preceding roster of a team.

Section 2 Out-of-Season Period

The out-of-season period shall be from the end of the season as defined in Program Regulations, Section 10 until the next official starting practice date for that sport, excluding the summer recess period. The summer recess period is from the Monday after the last scheduled Spring NJSIAA event until August 31st.

Penalty:

Any school proved guilty of violating the out of season coaching restrictions included within Student-Athlete Guidelines and Program Regulations shall be subject to the Penalties provided by Article X of the Bylaws, after a hearing by the Controversies Committee.

Out-of-Season practice is not permitted under the direction of an instructor or coach, or student leaders (i.e. captain's practices). This eliminates the use of any kind of equipment under any form of instruction. The object of this explanation is to make clear the point that there shall be absolutely no practice during the out-of-season period for a particular sport. Any subterfuge or "sharp practice" shall be construed as a violation of this rule.

If a coach leaves his/her position and subsequently has contact with a team-status Student-Athlete during the out-of-season period that coach cannot be rehired by the school until one year has elapsed from the date of the coach's last contact with the Student-Athlete.

CL 1:

- a. Non-School Activities: During the out-of-season period, the NJSIAA does not restrict an individual's choice to participate in a non-school activity or in an open-gym program in which the athlete has attained Student-Athlete status, i.e., all freshmen and those sophomores, juniors or seniors who have been on the roster of the J.V. or varsity teams during the current season.*
- b. School-Related Organizations: During the out-of-season period, the school organizations such as Booster Clubs, Fathers' Club, Varsity Club and the like may not assist the Student-Athlete during the out-of-season period or provide individually issued equipment, uniforms, transportation or funds related to camp or clinic attendance when same is of a participatory nature.*

CL 2:

- a. Coaches/Student-Athletes: Coaches may not instruct their Student-Athletes during the out-of-season period, including Open-Gym Programs. For seniors, all rules apply through the last date of the NJSIAA Spring Championships, except for those seniors who have exhausted their eligibility and will not compete interscholastically in any future season/sport. When the same sport for Boys and Girls is conducted in different sports seasons, a Student-Athlete in that sport may not serve as manager of the team of the opposite sex and will be considered a violation of the out-of-season rule. Coaches may not exchange supervisory and/or coaching duties in their sport to circumvent the out-of-season rule.*
- b. Coaches Meetings: Coaches may hold non-instructional meetings for the purpose of distributing try-out schedules, medical forms, parent permission slips, etc. to returning lettermen and prospective team candidates. Strategy or techniques may not be discussed and neither may any physical activity take place.*
- c. Coaches may instruct and coach their sons and daughters during the out-of-season period*

CL 3: Fund-Raising – A school may conduct any school approved fund-raising campaign at any time of the year so long as the fund-raising activity is not designed to keep Student-Athletes active in their particular sport during the out-of-season period (exclusive of seniors who have exhausted their

eligibility). *Exception: One day fund-raising activities such as foul-shooting contests involving basketball players; marathons involving cross-country runners; swim-a-thons involving swimmers, and the like will not be considered violations when conducted after their respective seasons have been completed.*

CL 4: Hiring Scenarios

Scenario A:

Coach A has been coaching basketball at school A for 10 years

Coach A decides to take some time off at the end of the season for personal reasons

Coach A would like to return to coach basketball at school A.

Ruling: Coach A must not have worked with kids in the basketball program for a calendar year, not including the summer recess period before Coach A can be rehired.

Scenario B:

Coach A is hired by school A to coach basketball

Coach A is hired to coach basketball at another school the following season

Ruling: Coach A will be considered a “NEW” hire at the new school and not subject to the out of season contact rule before the hire.

Scenario C:

Coach A is coaching basketball at school A

Coach A decides to coach soccer at school A (same school)

Ruling: Coach A will be considered a “NEW” hire and not subject to the out of season contact rule, assuming Coach A has never coached soccer at school A (same school) previously.

Section 3 Intramurals

Although the NJSIAA philosophy relative to intramurals is that these programs should provide an opportunity for students not on interscholastic teams, nevertheless Student-Athletes are permitted to participate in all intramural activities during the out-of-season period, except those in which they have attained team status.

CL 1: Coaches may supervise or serve as directors, including officiating of intramurals, recreational, club, camp, or open-gym programs when the school district’s Student-Athletes are not involved in their specific phase of the program during the out-of-season period.

Section 4 Open-Gym Programs

All open gym programs, including sports specific open gyms, are permitted as long as no members of the coaching staff are present.

Interscholastic competition of any kind is not permitted during open gyms.

Coaches may supervise open gym programs during the out-of-season period only when their student-athletes are not involved.

CL 1: The soccer coach may supervise a “basketball open gym” during the soccer out-of-season period, as long as there are no members of the soccer coach’s team participating.

CL 2: Coaches may not exchange supervisory and/or coaching duties in their sport to circumvent the out-of-season rule.

Section 5 Recreation and Club Programs

The NJSIAA does not have any jurisdiction over these programs conducted by outside organizations even though school facilities are used; however, school uniforms and other individually issued equipment may not be used by Student-Athletes. Coaches may not be involved when the school district's Student-Athletes are involved in that specific phase of the program during the out-of-season period. Coaches may be spectators.

CL 1: Schools, school organizations, or school-related groups such as Booster Clubs may not assist the Student-Athlete's participation or influence the sponsoring agency in non-school Recreation and Club Programs during the out-of-season period.

Section 6 Camps or Clinics

The NJSIAA does not restrict an individual's choice to attend any participatory camps or clinics; however, schools, school organizations, or school-related groups such as Booster Clubs may not assist the Student-Athletes' attendance at any camp or clinic during the out-of-season period; this includes providing uniforms, equipment, and funds related to the camp or clinic, including transportation; and coaches may not instruct their Student-Athletes. Coaches may be spectators.

CL 1: There are no limitations or restrictions on member schools or their Student-Athletes at any time when attendance at non-school camps or clinics is of a non-participatory nature, i.e., as an observer rather than a participant.

CL 2: During the out-of-season period, the NJSIAA does not restrict an individual's choice to attend a participatory camp or clinic; however, schools, school organizations, or school-related groups such as Booster Clubs may not assist the Student-Athletes' attendance at any participatory camp or clinic, this includes providing uniforms, equipment, and funds related to the camp or clinic, including transportation. Coaches may not be involved in any way with their Student-Athletes. Coaches may attend a participatory camp, clinic or competition merely as spectators however they may not be involved in any way with their school's athletes, including being a clinician, when their school's Student-Athletes attend that camp or clinic regardless of the format or the separation of stations at a clinic.

CL 3: During the Summer Recess, a coach or Student-Athlete may not be sponsored or supported by a school or school-related group (example: Booster Club) when team-interscholastic or individual competition takes place as part of the activity in camps, clinics, recreation programs, independent play and tournaments.

CL 4: During the Summer Recess, interscholastic competition of any type at the site of either participant is prohibited.

Section 7 Faculty Games

Student-Athletes of a particular sport may not engage in faculty or similar games in that same sport.

Section 8 Non-School/Non-Sanctioned Games

Student-Athletes may compete in non-school, non-sanctioned games as follows:

- A. In-Season – Local Option
- B. Out-of-Season Period – A Student-Athlete may compete on a non-school team so long as individually issued school equipment, coaching, or other school services are not provided.

CL 1: The participant competes in Non-School/Non-Sanctioned events "unattached," i.e., not as a

representative of the school and, therefore, schools, school organizations and school-related groups such as Booster Clubs, Parents Clubs or Varsity Clubs may not assist the Student-Athlete's participation in any way.

CL 2: The NJSIAA does not permit the funding, in whole or in part, of participation in Non-School/Non-Sanctioned events by a Board of Education. This applies to Non-School/Non-Sanctioned events, e.g., the Dapper Dan, McDonald, and Derby Basketball Clinics, the Golden West Track Classic, and National High School baseball, tennis, wrestling, or similar games/events.

CL 3: The NJSIAA cooperates fully with the USOC (United States Olympic Committee) in establishing the means by which the participants are selected to represent the United States; therefore, a member school, their Student-Athletes, and their coaches do not have any restrictions placed upon them In-Season, Out-of-Season or during the Summer Recess so long as the administrator (Principal) of the member school gives approval and the USOC verifies that the activity is a part of the USOC development program and filed with the NJSIAA.

Section 9 Eighth Grade Contact

High school coaches are permitted to have contact with student-athletes in grades eight and below as it pertains to camps, clinics and the like, as long as such contact does not involve high school students as it pertains to NJSIAA Bylaws, Article V, Section 4(I).

All camps, clinics and the like must be open to all. In no way may these activities be held by invitation only when they are involving high school coaches except for the summer period.

High school coaches are permitted to coach teams that involve student-athletes in grades eight and below as long as such coaching does not involve high school students as it pertains to NJSIAA Bylaws, Article V, Section 4(I).

Student-athletes in grades eight and below are not permitted to take part in activities that involve high school student-athletes as it pertains to NJSIAA Bylaws, Article V, Section 4(I), until they have graduated from the eighth grade.

Publicity by a school or anyone employed by the school regarding incoming students shall not focus on or promote athletics.

Eighth grade students that graduate before the summer period start date are not permitted to have contact with high school teams until the summer period start date.

Eighth grade students that graduate after the summer period open date are permitted to have contact with high school teams the day after their graduation from eighth grade.

Section 10 Sports Specific Strength and Conditioning Guidelines

Out-of-season sports specific strength and conditioning sessions conducted by school district approved coaches of that sport are permitted as long as the following apply:

1. The coach has completed the online NFHS Strength & Conditioning Course, unless already certified.
2. The strength and conditioning sessions are purely designed to improve athletes in the field of strength and conditioning.
3. No sports specific equipment permitted during these sessions.

4. No sports specific drills permitted during these sessions.
5. No sports specific walkthroughs or game planning permitted during these sessions.
6. The strength and conditioning sessions cannot be mandatory.

CL 1: The school's athletic policy regarding strength and conditioning (weight room) management will supersede the above guidelines except if the strength and conditioning sessions are sports specific with a member of the coaching staff.

CL 2: The NFHS course is only required one time, not annually.

PROGRAM REGULATIONS

Section 1 Awards

Awards are not restricted by the NJSIAA, if approved by the Board of Education, so long as they are symbolic awards, i.e., letters, sweaters, jackets, pins, trophies, other similar type awards, and rings or watches which are properly inscribed. All other awards must be approved by the local Board of Education and the NJSIAA. Student-Athletes and prospective Student-Athletes must be cautioned when competing in any program including marathons and other running events in which cash or merchandise are the awards. By refusing to accept the cash or merchandise the student absolves himself/herself from placing his/her eligibility in jeopardy.

CL: The participant's award or share thereof may not be assigned to another party or be accepted by another party but must be returned to the chairman of the event.

Section 2 Strenuous Sports

A player on an interscholastic athletic team shall participate in only one strenuous high school sport at a time during the regular high school sports season. A player may drop one high school sport to participate in another, but he/she may not return to a sport from which he/she withdrew.

The strenuous sports are: Baseball, Basketball, Cross-Country, Diving, Fencing, Field Hockey, Football, Gymnastics, Ice Hockey, Lacrosse, Soccer, Softball, Swimming, Tennis, Spring Track, Winter Track, Volleyball, and Wrestling.

CL 1: Bowling and Golf are not considered strenuous sports.

CL 2: Program Regulations, Section 2, Strenuous Sports, will mean a student concluding a season in one sport will not be able to participate in another sport regardless of the fact that the athlete would be able to meet the six (6) day practice rule.

Section 3 Physical Examinations

Physical examinations may be given prior to a Sports Season so that all players may be examined before the first day of practice. See State Board of Education – Rules and Regulations.

Section 4 Uniforms/Equipment

Uniforms may be issued prior to the beginning of a Sports Season, if stored by the school; however under no circumstances may uniforms be worn until the first official starting day of practice for that specific sport, except for shoes which may be issued and worn two weeks prior to such official starting date of practice. No individually issued equipment of a member school, except as provided herein, may be issued or used by a student during the out-of-season period.

Section 5 Sports Seasons Dates

Member schools must conduct their sports seasons within the following datelines according to practice provisions as outlined in Program Regulations, Section 6 to be eligible for NJSIAA Tournament play:

Fall – Girls Tennis: August 16 to November 12, 2023
Football: August 9 to November 26, 2023

If, by way of exception provided in these Bylaws, permission is granted a school to extend its season in a particular sport, the provisions of this section are extended accordingly.

Fall – Cross-Country, Field Hockey, Football, Gymnastics, Soccer, Girls Tennis, Girls Volleyball

Winter – Basketball, Bowling, Fencing, Ice Hockey, Swimming, Winter Track, Wrestling

Spring – Baseball, Golf, Lacrosse, Softball, Boys Tennis, Spring Track, Boys Volleyball

The Executive Committee must approve conducting a specific program during a season other than the designated sports season for that sport.

Section 6 Start of Practice

For all strenuous sports (which excludes bowling and golf), the “first scrimmage” date must include one day of rest within the first 7 days from the first practice (6 days on and 1 day off rule). The 6 days of practice and 1 day of rest do not have to be consecutive but must adhere to the 7-day time frame. This requirement applies to all three seasons.

Fall – Official practice for Football begins on August 9, 2023.
Official practice for Girls Tennis begins on August 16, 2023
Official practice for Cross Country, Field Hockey, Gymnastics, Soccer, and Girls Volleyball begins on August 21, 2023.

Winter – Official practice for Bowling, Ice Hockey, Swimming begins on November 20, 2023.
Official practice for Basketball, Fencing, Winter Track, and Wrestling begins on November 27, 2023.

Spring – Official practice for Baseball, Golf, Lacrosse, Softball, Spring Track and Boys Volleyball begins on March 14, 2024. Baseball and Softball pitchers and catchers (only) will be permitted to begin practice 3 days earlier than the practice start date.
Official practice for Boys Tennis begins on March 11, 2024.

Section 7 Practices/Scrimmages/Games/Meets

A student shall not be permitted to participate in a scrimmage or a game (interschool) in any strenuous sport until he/she has completed six days of practice in that sport (days of 24 hours, not sessions) and one day of rest. Practices during the Summer Recess prior to the official opening of the Sports Season cannot be counted to fulfill this requirement. The above restriction will be waived for Student-Athletes who are members of a team participating in competition after the start of the next season provided the athlete becomes a practicing member within three (3) practice days.

CL 1: Summer Recess practices do not count for “six-day” interschool scrimmage or game provisions. Only those practices from the official opening of the Sports Season may be counted to fulfill this requirement.

CL 2: Sunday practices may be counted only if approved by the local Board of Education.

CL 3: A practice is defined as a session where a team is assembled and involved in physical activity to enhance the participant’s physical condition. Practices of any kind for individuals, partial or entire teams, on days when the team is involved in interscholastic scrimmages or games-meets will not count toward satisfying the six (6) day rule.

CL 4: It is a local option for schools to permit ineligible students to practice or compete in interscholastic scrimmages. An ineligible student may not participate in an interscholastic regular season contest or scrimmage. Such practices will count to satisfy the six (6) day practice rule. The above is applicable provided the school meets the medical examination and parental permission as required by the State Board of Education.

CL 5: Any lapses consisting of four (4) or more days, a restart of the six (6) day rule must occur.

CL 6: If a student was eligible to participate in a team practice after three (3) consecutive days off but missed the fourth day because of a situation beyond the student’s control (i.e., the school closed for a holiday, Sunday, weather, etc.) a restart is not needed if the student practices the next available day.

Interscholastic scrimmages, excluding baseball, tennis, softball and golf, are to be limited to the number of games, meets, or matches permitted in the sport during the regular season. The rule regarding numbers of contests on consecutive days will be enforced.

No more than four (4) schools shall be permitted to take part in a joint interschool scrimmage.

CL 1: Scrimmages during the regular season count toward the allowable number of games.

CL 2: The host school may not invite any more than three (3) schools to participate in a scrimmage at its site(s).

No scrimmages shall be permitted after the “End of Season” as defined in Program Regulations, Section 10.

Definitions: “Interscholastic scrimmages” are provided as an opportunity to experience controlled game conditions for both coaches and players. A scrimmage must provide for voluntary interruption of the “scrimmage game” for instructional purposes, must not have recorded scoring, results, spectator admission must be on a complimentary basis only, and the event cannot be conducted in such a manner as to advance a team or individual to another level of scrimmage competition.

CL 1: Whenever team(s) or individual(s) from two or more schools practice at the same site, it will be designated as a scrimmage unless some extraordinary circumstance has been approved by the NJSIAA

“Regular season games/contests” are those games, meets, or matches that are not statewide championship playoff contests. “Playoff games/contests” are those games, meets, or matches that comprise the Statewide Championship Tournament. Regular season games include conference games, non-conference games, and games played at tournaments and invitationals. Regular season games count toward the total number of games in which a school can participate during a sports season.

Section 8 Opening Dates

Start of regular schedule opening dates are as follows:

Fall – Football: August 25 or August 31, 2023
Girls Tennis: September 5, 2023
Cross Country, Field Hockey, Gymnastics, Soccer and Girls Volleyball:
September 7, 2023

Winter – Bowling: November 27, 2023
Ice Hockey, Swimming and Winter Track: December 7, 2023
Basketball, Fencing, Winter Track and Wrestling: December 14, 2023

Spring – Lacrosse: March 23, 2023
Baseball, Lacrosse, Softball, Boys Tennis, Spring Track, Boys Volleyball: April 3, 2023

Section 9 Contest Rules

All contests involving member schools must be played according to the rules of the National Federation of State High School Associations (NFHS). This applies to all sports for which rules are formulated by that Association, with the following exceptions:

Bowling – US Bowling Congress
Fencing – United States Fencing Association
Golf – USGA
Tennis – USTA

Rules indicated will govern all sports unless modified by NJSIAA.

Section 10 End of Season

All teams may participate in interscholastic contests up to the final championship in their respective sports, with the exception of wrestling. Equipment should be stored and practice terminated for the out-of-season period upon completion of the schedule. Individual competition shall terminate with the end of said competition.

Section 11 Summer Recess

The summer period begins the Monday after the NJSIAA spring sports competition end date. The spring season competition end date is published in the spring sports quick chart found on the NJSIAA website. The summer period beginning date will not change because of postponements to the last NJSIAA spring events. The last day of the summer period is August 31.

There are no NJSIAA-imposed restrictions during the summer period, with the exception that interscholastic competition/scrimmages are not permitted during the summer period. Scrimmages consistent with the early season opening or regular season opening provisions are permitted.

CL 1: School Districts are not permitted to conduct interscholastic competition during the summer period. Schools Districts are permitted to host competition during the summer period, if the competition is organized and sponsored by a third party not connected to the school district.

CL 2: Football 7 on 7's is not considered interscholastic competition. Schools are urged to be mindful of their liability when hosting students from other districts during the summer period.

CL 3: Non-School Teams: A member of a high school's coaching staff may not be involved in any way with a non-school team on which there are student athletes who participated on the freshman, junior varsity, or varsity level of the coach's high school team(s) in that sport until the start of the summer period.

Section 12 Alumni Games

Alumni games count as part of the schedule in all sports, but they may not be included when submitting records for tournament consideration.

Section 13 Tournament Entry

Member schools are to download the appropriate entry forms from www.njsiaa.org for state tournament competition. Tournament regulations will be posted no earlier than four weeks before the tournament date. NO entries **or Tournament Refusal Forms** which are postmarked after the cut-off date will be accepted unless accompanied by a late fee established by the NJSIAA.

CL 1: A late fee charge of \$50.00, when a school's game or meet schedule or tournament entry form is late (beyond the established deadlines but prior to the pairings, seeding or heat meeting), is to be paid before the contestant or team is allowed to participate. If the entry is received after the seeding but prior to the first game of the tournament, an administrative fee of \$150 will be assessed the school.

Section 14 Video Taping and Filming

Electronic Communication equipment, including but not limited to computer, film television and video tape is permissible according to the NFHS rules for the sport in question. Videotaping of scrimmages is a local option. No video or audio recording may be used to review or challenge the decision of a sports official. The NJSIAA may use video and audio recordings to identify and determine violations of its sportsmanship policy and to ensure that disqualifications are correctly identified.

Section 15 Maximum Games

For consistency, the maximum number of games are the same for those sports that are of the same physical nature and/or have similar physical requirements. In order to provide equity across all sports and all schools, a maximum number of games will be established for those sports that have not had such limitations.

The maximum number of games does not include participation in one county or league/conference-based tournament, and the NJSIAA state tournament. A county or league/conference-based tournament is defined as a single elimination tournament not to exceed 32 teams, limited to a maximum of five games. Teams may still participate in both a county and a league/ conference tournament, but one of these tournaments will count toward the maximum number of games.

The below table summarizes the new maximum number of games by sport:

Sport	No. of Games	Sport	No. of Games
Baseball	24	Lacrosse	18
Basketball	24	Soccer	18
Cross Country	14	Softball	24
Fencing	16	Swimming	16
Field Hockey	18	Tennis	24
Football	14	Track & Field – Spring	14
Gymnastics	14	Track & Field – Winter	14
Ice Hockey	22	Volleyball	24
Bowling and Golf, our non-strenuous sports, will not have maximum number of games per season.			

To allow leagues, conferences, and schools maximum flexibility to schedule based on their needs and circumstances, there will be no weekly maximum number of games for any sport. However, those sports that currently prohibit competition on three consecutive days will continue to prohibit such activity. The sports that currently prohibit competition on three consecutive days are: Basketball, Cross Country, Field Hockey, Gymnastics, Ice Hockey, Lacrosse, Soccer, and Swimming.

The maximum number of games does not include participation in individual-based competition for sports such as cross country, swimming, tennis, etc. Individual-based competition is determined by whether a team score is calculated. For instance, if a team score is calculated at an individual-based event, regardless of the number of participants from the team, then this competition will count towards the maximum number of games. If a team score is not calculated, then the event will not count towards the maximum number of games.

In order to maximize competition opportunities, schools will be permitted to schedule regular season events during the NJSIAA post-season in every sport but may not exceed the total maximum number of games listed above. The only exception to this rule will be for wrestling, team wrestling matches will continue to be prohibited once the NJSIAA District Tournament starts. NJSIAA post-season tournament competition will take priority over regular season games in every sport when assigning officials. No competition will be permitted beyond the last scheduled post-season championship event in each sport, the last post-season championship event represents the end of that sport's regular season.

A waiver of the maximum game limitation is granted in all sports, except football, only when one additional game is needed to decide a county, conference or tournament championship.

Section 16 Withdrawal/NJSIAA Tournaments

Any member school and/or Student-Athlete withdrawing from competition after having officially entered an NJSIAA tournament in any sport will be disqualified from all remaining NJSIAA tournament competition in that sport in that season and barred from participating in NJSIAA tournament competition in that sport during the next school year unless truly extraordinary circumstances were present.

Section 17 Withdrawal/Infectious Diseases

School administrators should rely solely upon the advice of the school's medical inspector in determining the action to withdraw a team from competition when a member is diagnosed as having an infectious disease.

Section 18 60% State Competition Rule

All NJSIAA tournament team entry forms must reflect competition to no less than 60% with New Jersey schools. If a team does not meet the criteria by the cut-off date, with the exception of football which will be based on a 10-game schedule throughout the season, it will forfeit its entry into the NJSIAA tournament.

Section 19 Specific Sports Regulations Penalties

To promote fairness in competition and the health and safety of student athletes, no NJSIAA member school will be eligible to participate in any NJSIAA Championship Tournament if it has violated the Specific Sports Regulations for the sport, involving the start of practice, the start and ending of the sport season and the maximum contests permitted during the regular season. The application of this standard is non-appealable.

SPECIFIC SPORT REGULATIONS

Notes:

1. A week is defined as from 12:01 A.M. Sunday to Saturday midnight.
2. A regularly scheduled game is one which has been contracted by mutual consent of the participating schools and approved by their respective Boards of Education and by the schools' Principals.
3. Member schools may schedule games or scrimmages with any school that is academically accredited by its regional accrediting agency and having athletic eligibility standards similar to the New Jersey State Interscholastic Athletic Association. Member schools may schedule regular season games or scrimmages with non-member schools, or with member schools of the New Jersey Association of Independent Schools; however, in such case, any waiver of the NJSIAA eligibility rules must be agreed upon and set forth in the contract. Under this section, competition is limited to teams (or individuals) whose participants are in the first year of post-high school matriculation. Waiver of NJSIAA eligibility rules will not be granted for sanctioned tournaments.

CL 1: Member schools may not compete with "club" teams. Competition is not permitted with teams composed of post-high school students (private schools, junior colleges, colleges) whose participants are beyond the first year of post-high matriculation or are beyond the first year since graduating from high school. All Independent Schools holding dual membership (NJSIAA and NJISAA) must adhere to all regulations provided for by the NJSIAA Constitution, Bylaws and Rules and Regulations and they may not be waived.

CL 2: A school is permitted to sponsor only one team at the varsity level. A and B teams at the varsity level are not permitted in any sports.

CL 3: All NJSIAA member school athletic teams are bound by NJSIAA rules. No member school may have any team that operates outside of NJSIAA's jurisdiction in any NJSIAA sanctioned sport.

CL 4: No member school may engage in athletic competition, scrimmage and/or practice with an out-of-state school which is not a member in good standing of its respective state high school athletic association or has not been approved by the respective association as an affiliate.

4. Disqualification
 - a. Any Student-Athlete or coach disqualified before, during or after an interscholastic event for unsportsmanlike and flagrant verbal or physical misconduct will be disqualified from the next

two (2) regularly scheduled games/meets, with the exception of football which will carry a one (1) game disqualification, at that level of competition and all other game(s)/meet(s) in the interim at any level in addition to any other penalties which the NJSIAA or a league/conference may assess.

CL 1: Once a coach/player has been disqualified, NO appeals will be honored from the player, coach, official or any other party. Disqualification is a judgement call and officials must be certain the act warrants disqualification. All complaints against an official must be directed to the official's Chapter Secretary and the NJSIAA.

CL 2: Scrimmages are not considered part of the disqualification rule.

CL 3: The National Federation Rules do not permit a wrestler to continue to participate in a tournament if there is a flagrant disqualification. The NJSIAA rule requires a two-match sit-out. Even though the wrestler is not permitted to wrestle in the remainder of that tournament, said wrestler may fulfill the two-match disqualification, provided his team continues to wrestle in scheduled events.

CL 4: A second disqualification for an individual in any game/meet/match supersedes NFHS rules in this regard.

- b. A disqualified player or coach may not be present at any contest in that sport during the period of disqualification. Definition of not being present at the site means the disqualified player or coach is not to be present in the locker room, on the bus, on the sidelines, in the stands or site area before, during or after the game/meet.
 1. In team sports any player/coach in violation of this provision will be cause for forfeiture of those games during the period of disqualification.
 2. In individual sports the event or events in which the player previously participated while having been disqualified will be forfeited. The team will lose the highest points awarded in each event noted herein.
- c. Should a coach/player be disqualified from the final game/meet of the season, said disqualification will carry over to the next year in that sport. In the case of the Student-Athlete, the same degree of penalty shall apply if said athlete retains eligibility in that sport.
- d. Any player/coach disqualified a second time in single or multiple sports will have the penalty doubled (i.e., in football – disqualified for two (2) games; all other sports – four (4) games). Disqualifications will count for 365 days from the date of the first disqualification.
- e. Any player with two or more disqualifications in the current season, prior to the start of an NJSIAA tournament, will be ineligible to compete in said tournament.
- f. Any varsity team accumulating three or more player or coach disqualifications prior to the team's participation in an NJSIAA tournament will not be permitted to participate in same. Seeded teams will forfeit their right to compete if a disqualification limit is reached prior to the start of the tournament for the team.
- g. Single/multiple sports – on the third offense; players disqualified will be suspended indefinitely, and must apply, in writing, to the NJSIAA through the office of their Principal for

reinstatement. Disqualifications will count for 365 days from the date of the first disqualification.

- h. Any coach disqualified a second time within 365 days from the date of the first disqualification will be required to appear before the Controversies Committee with the Principal and the Athletic Director.
- i. Any coach who is disqualified and/or has three or more players on a team disqualified during the course of the preceding school year must complete the NFHS Teaching and Modeling Behavior course. This course license must be obtained from NJSIAA with the course completion certificate due to NJSIAA within sixty (60) days of initial NJSIAA notification of the disqualification requirement.
- j. Any player that leaves the bench area during an altercation, whether to intervene or participate, shall be disqualified, and will be subject to the disqualification penalty (automatically disqualified from the next two contests.) Only coaches can leave the bench with the purpose of restraining players and stopping the altercation

CL 1: Coaches/players who do not fulfill their penalty in a sport at their present school will be disqualified for the same length of time in their subsequent coaching assignment/sport participation at another school.

CL 2: Seniors who are disqualified from their last game or next to last game will serve the penalty in a subsequent sports season according to the penalty provision of that subsequent sport. When seniors are disqualified from their last game of their high school careers, and are unable to fulfill the penalty, member schools are required to take proper administrative action to discipline the offending student.

CL 3: Seniors who quit a sport and have not fulfilled their penalty in that sport, must serve it in the new sport before beginning playing in the new sport.

Baseball
