

## Volleyball Switching of Sides

### **To All Volleyball Schools:**

Please follow the procedures below regarding switching sides after each set:

**Regular Season Dual Meets:** Teams will switch ends after every set unless both coaches agree *before the match begins* not to change ends. Once this decision is made, it cannot be reversed.

**State Tournament:** Teams must switch ends after every set in all rounds of the tournament. No exceptions.

**County, Conference, and League Tournaments:** Each tournament may determine its own policy regarding switching ends.

**Other Multi-Team Tournaments:** Tournament organizers may choose whether teams switch ends after each set.
